

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

BORACETANILID.

ACETANILID AND BORIC ACID.

ACETANILID AND BORIC ACID, being much alike in physical properties and in antiseptic action, combine excellently in the form of a powder, which is now favorably known as a soothing, non-irritant and efficient dressing for lacerated and incised wounds, ulcers, sores, and any other injury that requires a bland but effective application. The present preparation contains these two ingredients, finely powdered, in the proportion of *twenty-five* parts of Acetanilid to *seventy-five* parts of Boric Acid.

Acetanilid is a substance of neutral reaction, belonging chemically to the Anilines, and occurring in white odorless crystals, of silky appearance, soft to the touch and not disagreeable in taste. It is soluble in 189 parts of cold water, but freely so in hot water and alcohol. Being a non-toxic, it possesses, both locally and internally employed, anodyne and febrifuge properties which render it of the greatest utility in surgery and medicine. Boric Acid, like Acetanilid, is non-irritant, being very feebly acid in reaction. It occurs in brilliant, white, odorless scales, soluble in water and alcohol. It is very destructive of low vegetations, and is much used in Sweden to preserve meat and milk.

It is evident that in physical properties these two remedies are exceptionally valuable. Their being *odorless*, is an obvious advantage in susceptible cases, and above all, in a dressing intended for syphilitic ulcers, chancres, mucous patches and various other venereal affections that require surgical treatment.

In America, Acetanilid has been extensively employed as a surgical dressing. Dr. Bodamer reports admirable results in cases of ulcerations, sinuses, the lacerated wounds of workmen, where dust and oil, by getting into the wound, may keep an injury from healing. In such cases a layer of powdered Acetanilid and Boric Acid, will protect the wound, and allow granulation to go on, without it being necessary to resort to enforced rest on the part of the patient. Cases of this kind are very frequent in our manufacturing towns and it is fortunate, therefore, that the surgeon can avail himself of a remedy of peculiar convenience and efficiency. For all such injuries, according to Dr. Bodamer, Acetanilid "is a non-irritant dressing, with antiseptic, anesthetic, and strongly dessicant properties."

In all cases, as well as in surgical dressings, Boric Acid, though not so powerful nor so much employed as Acetanilid, is calculated to increase the efficiency, and bland, unirritating action of this powder. It is especially useful in gargles, in the affections of the throat, referred to above, such as *angina tonsillaris*, and in diphtheritis and sore throat.

For the convenience of physicians *Boracetanilid* is furnished in two-ounce bottles with a sprinkler top, also in one-pound bottles.

For prices, see page 86.

Special or Private Formulæ.

We wish particularly to call the attention of the Drug Trade, Physicians, Hospitals and others to our exceptional facilities for the prompt and satisfactory execution of orders relating to special formulæ, and will be glad at any time, on receipt of necessary data, to quote prices, with the assurance always that all formulæ entrusted to us will be treated with the strictest confidence.

Our long experience and unequalled facilities as manufacturing chemists, coupled with the scrupulous care exercised in the selection of the material used, and, what is of still more importance in the preparation of special formulæ, viz., our PRACTICAL TRAINING AS RETAIL, APOTHECARIES, warrant us in guaranteeing in all cases a product representing the utmost uniformity and exactness in every respect, and, equipped as we are with the most complete and approved machinery and appliances, are enabled to execute such special orders at minimum of expense; and, further, our customers derive the benefit of material purchased at lowest obtainable cash prices, with the added advantage of our knowledge and experience in its selection.

When orders for special formulæ are repeated, if there has been, in the meantime, any reduction in the cost of the materials entering into their composition, our customers can depend upon receiving the benefit of such reduction, and, in short, can rely always upon our exercising every care, with a view to protection of their interests. We have reference to the preparation not only of Compressed Goods, such as Pills, Triturates, Medicinal Lozenges, Hypodermic Tablets, etc., but also of Elixirs, Syrups, Wines, Suppositories of all the various shapes and sizes, Fluid Extracts and other medicinal compounds of original or private formulæ, orders for which are respectfully solicited.

MANUFACTURED BY

JOHN WYETH & BROTHER,

INCORPORATED,

PHILADELPHIA.

January 2d, 1902.

NOTES.

CANNOT SUPPLY LOOSE LABELS

1.—We are quite often requested by our customers to supply loose labels for replacing those soiled or shop-worn, and while we recognize that in most cases they are asked for with the feeling that our interests will be served quite as much as those of our customers, still we are obliged to decline, as we are unwilling to become responsible for goods not labelled under our own immediate supervision and direction, and feel satisfied, if the matter is given a moment's thought, it will be evident that it would be both unwise and unsafe for us to pursue any other course.

MAIL PACKAGES INSURED AT MINIMUM COST

2.—While we use every care to secure to our customers prompt delivery of mail packages, our responsibility ceases when these are placed in the hands of the postal authorities, but for a nominal consideration we are willing to indemnify the consignee to a limited extent; that is to say, for a consideration of five cents, this to be charged in the invoice, we will hold ourselves responsible to our customer or consignee, in case of loss, to the extent of \$5.00, and for a consideration of ten cents, not to exceed \$10.00. Our customers, therefore, will kindly bear this in mind when ordering, indicating their wishes as follows: "*Provide for mail insurance.*" Without such instructions it will be understood that we assume no responsibility in the matter.

CANNOT EXCHANGE OR GIVE CREDIT FOR BROKEN PACKAGES

3.—We cannot undertake to accept for credit or exchange broken or opened packages, i. e., where stoppers (cap or cork) have been removed or seals broken, but will exchange any of our preparations, in original or unbroken packages, which may have undergone change from causes impairing their efficacy. We must, however, request that when it is desired to make an exchange of any of our products in this way, we shall first be written and a list submitted of the goods desired to be exchanged; and under no circumstances should shipments of any goods be made us until our shipping instructions have been received. Any shipments made us without such authority from us having first been received must be made wholly at the risk and responsibility of the shipper. We are obliged to establish this as an invariable rule because of instances in which, without having

first secured our consent for the return of goods, shipments have been made us consisting of goods bought up from old or bankrupt stocks or from salvage of insurance companies, which class of goods, it will be appreciated, we cannot undertake in any event to accept either for credit or exchange.

Since to attain the end desired a Suppository must be so prepared that it will break down readily at the temperature of the body (98.6° Fahr.), it is not possible, of course, to manufacture Suppositories which will not also break down when subjected to that temperature in stock, and we have, therefore, taken the precaution of attaching to each package a caution label that "These Suppositories must be kept in a cool place, preferably a refrigerator." We cannot undertake to make good any losses sustained through the breaking down or melting of Suppositories subjected to heat in excess of 97° Fahr.

SHIPPING DIRECTIONS

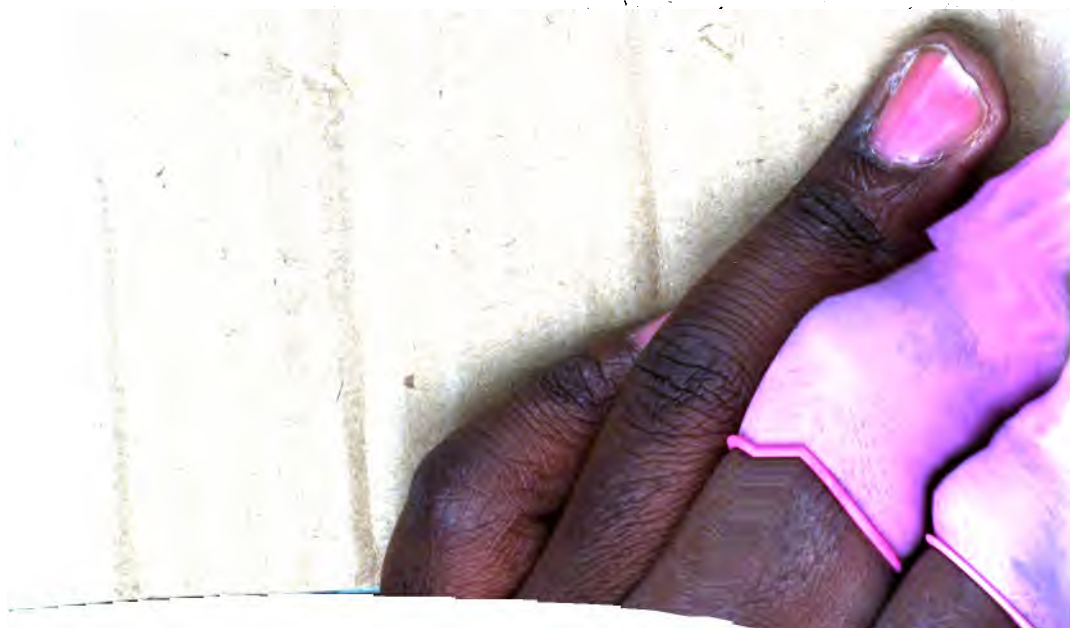

4.—Customers are particularly requested, when ordering goods, to specify by what line or route they wish them shipped, otherwise we will use our own judgment, studying the best interest of our customers.

REMIT WHEN ORDERING

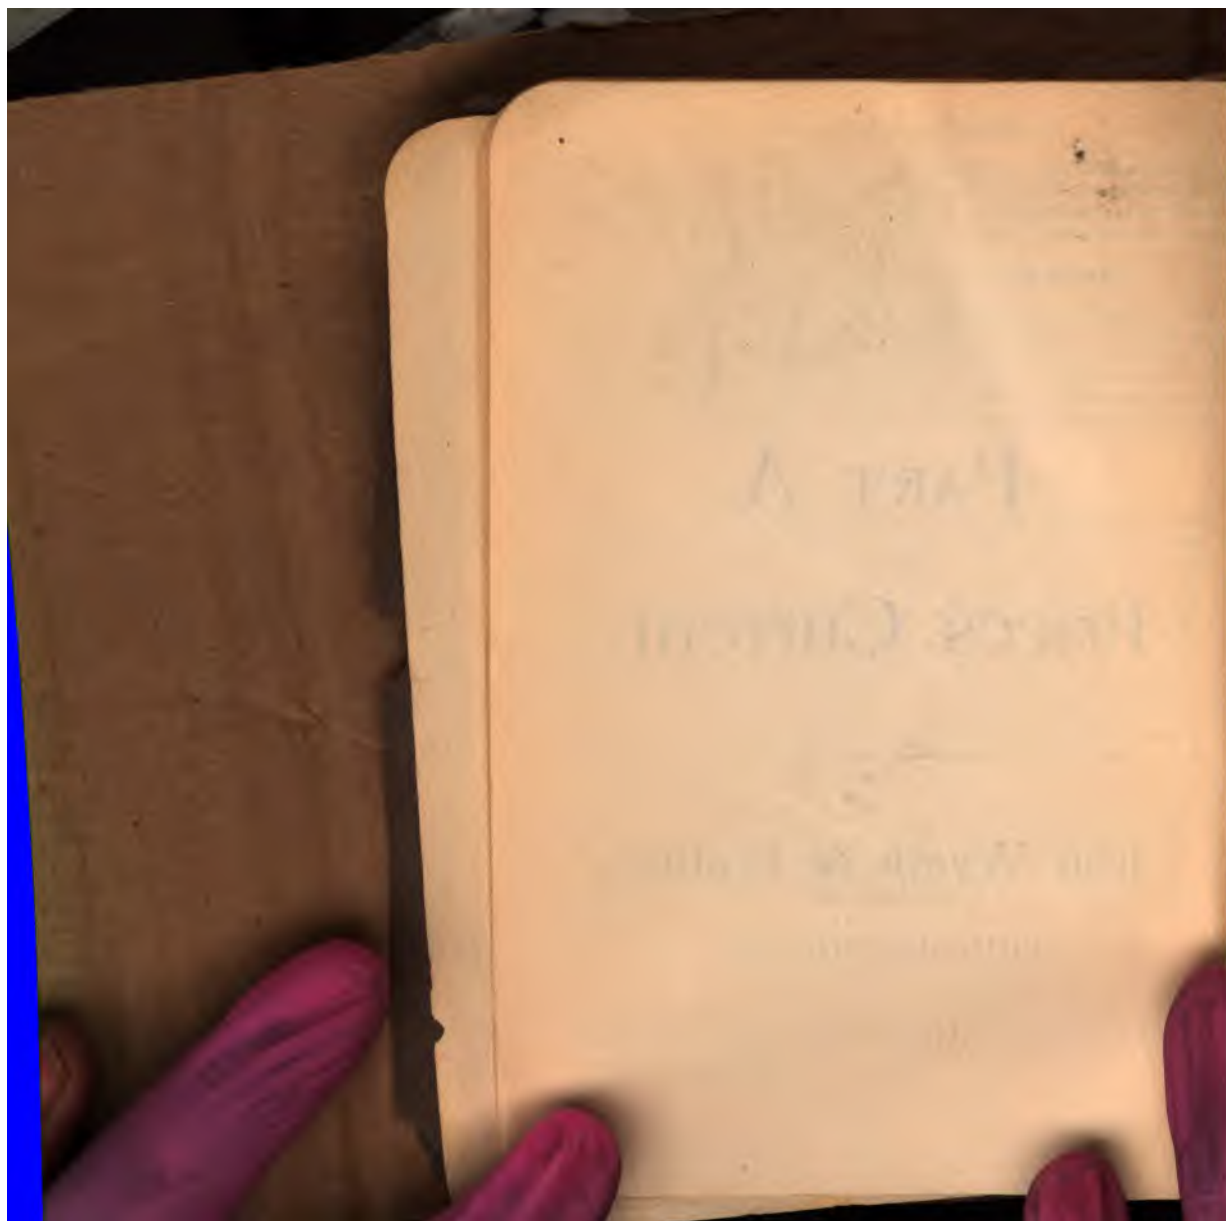

5.—Those with whom we have no regular correspondence will please make remittance when sending orders; unless this request is complied with, we will be compelled to decline forwarding. This is made imperative owing to the fact that many purchasers of small amounts pay little or no attention to the payment of such accounts. Under no circumstances will we send goods C. O. D. unless the order is accompanied with check, draft or P. O. order for at least sufficient to cover cost of transportation. Our prices are very moderate, and the small margin of profit necessitates our insisting upon the above requests being complied with.

TRANSPORTATION CHARGES

7.—We are always glad to deliver to our customers, free of cost for transportation, all goods which they may order of us in sufficient quantities to justify freight shipment, and when customers desire goods sent forward by express or mail, or it may seem advisable to so forward them, we will prepay expressage or postage, charging one-half the postage or expressage expense when rendering invoice. We are obliged, however, to make an exception to the above rule in cases where orders consist entirely of compressed pills (tablets) or tablet triturates, the margin upon which is so small as not to admit of our assuming any portion of the transportation charges.

The image shows a person's hands, clad in purple nitrile gloves, holding a dark brown, textured book. The book's cover features the title 'PHYSICIANS' POCKET-LIST' in a serif font, with 'JOHN WYETH & BROTHER' and 'MANUFACTURING CHEMISTS PHILADELPHIA' printed below it. A white rectangular label is affixed to the left edge of the cover, displaying a barcode and the number '2 25 0370 2044'. The book is positioned on a light-colored, possibly wooden, surface. The lighting is somewhat dim, and the overall tone of the image is slightly muted.

We cannot undertake to accept for Credit or exchange, broken or opened packages, i. e., where stoppers (cap or cork) have been removed or seals broken, but will exchange any of our preparations, in original or unbroken packages, which may have undergone change from causes impairing their efficacy.

Special Prices when ordered in Bulk (3 gal. or more);
also, special formulæ prepared at lowest figures.

Write for quotations.

ELIXIRS.

Unless otherwise specified, all orders for Elixirs, excepting in lots of more than five gallons in bulk, will be delivered in glass containers.

Elixir Aloin, Belladonna and Strychnine.

Each fluidrachm contains

Aloin	1 grain

Per five pint	3 50
Per dozen pints	10 00

Elixir Iron Phosphate, Quinine and Strychnine.

Each fluidrachm contains

Iron Phosphate	2 grains
Quinine	1 grain
Strychnine	1-60 grain
Per gallon	\$5 00
Per quart	\$1 45
Per five pint	3 50
Per dozen pints	10 00

Elixir Iron Pyrophosphate.

(IRON, WITH PHOSPHORUS AND CALISAYA.)

Each fluidrachm represents

Calisaya Bark	5 grains
Iron and Sodium Citro-pyrophosphate	2 grains
Per gallon	\$4 25
Per quart	\$1 25
Per five pint	3 00
Per dozen pints	8 00

Elixir Iron Pyrophosphate, Quinine and Arsenic.

Each fluidrachm contains

Iron Pyrophosphate	2 grains
Quinine	1 grain
Arsenic	1-30 grain
Per gallon	\$5 00
Per quart	\$1 45
Per five pint	3 50
Per dozen pints	10 00

Elixir Heroin and Terpin Hydrate.

Each fluidrachm contains			
Terpin Hydrate	1 grain		
Heroin	1-24 grain		
Per gallon	\$6 00	Per quart	\$1 75
Per five pint	4 00	Per dozen pints	11 00

Elixir Hydrangea and Lithium.

Each fluidounce contains			
Hydrangea	240 grains		
Lithium Benzo-Salicylate	32 grains		
Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

Elixir Hydrastis.

Each four fluidounces represents			
Fluid Extract Hydrastis	5 drachms		
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Hypnotic.

(SEE ELIXIR CHLORAL AND POTASSIUM COMP., PAGE 6.)

Elixir Iron, Arsenic and Mercury Chlorides, Aromatic.

Each fluidrachm contains			
Iron Proto-Chloride	1-8 grain		
Arsenic Chloride	1-280 grain		
Mercury Bichloride	1-128 grain		
With Calisaya Alkaloids.			
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Iron Citrate, Quinine and Strychnine.

Each fluidrachm contains			
Iron Citrate	2 grains		
Quinine	1 grain		
Strychnine	1-60 grain		
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Iron, Magnesia and Strychnine Sulphates.

Each fluidrachm contains

Strychnine Sulphate	1-32 grain
Iron Sulphate	2 grains
Magnesia Sulphate	10 grains
Acid Sulphuric	a trace
Aromatic Cordial	q. s.

Per gallon	\$4 50	Per quart	\$1 35
Per five pint	3 25	Per dozen pints	9 00

Elixir Iron Phosphate and Quinine.

Each fluidrachm contains

Iron Phosphate	2 grains
Quinine	1 grain

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Iron Phosphate, Quinine and Strychnine.

Each fluidrachm contains

Iron Phosphate	2 grains
Quinine	1 grain
Strychnine	1-60 grain

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Iron Pyrophosphate.

(IRON, WITH PHOSPHORUS AND CALISAYA.)

Each fluidrachm represents

Calisaya Bark	5 grains
Iron and Sodium Citro-pyrophosphate	2 grains

Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Iron Pyrophosphate, Quinine and Arsenic.

Each fluidrachm contains

Iron Pyrophosphate	2 grains
Quinine	1 grain
Arsenic	1-30 grain

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Iron Pyrophosphate, Quinine and Strychnine.

Each fluidrachm contains			
Iron Pyrophosphate	2 grains		
Quinine	1 grain		
Strychnine	1-60 grain		
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Kola Comp.

Each fluidounce represents			
Kola Nuts (fresh)	48 grains		
Celery Seeds	48 grains		
Coca Leaves	64 grains		
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Laxative.

This combination consists of an Extract prepared from Alcoholized Tinnevelly Senna, Podophyllin, Butternut (Juglans Cinerea), Rochelle Salt, Sodium Bicarbonate, with Aromatics.			
Per gallon	\$4 00	Per quart	\$1 20
Per five pint	2 80	Per dozen pints	7 50

Elixir Liquorice Comp.

Each fluidounce represents			
Liquorice Root	120 grains		
Aromatics	q. s.		
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Lithiated Strontium.

Each fluidrachm contains			
Strontium Salicylate	2 grains		
Strontium Iodide	1 grain		
Lithium Salicylate	2 grains		
Per gallon	\$8 00	Per quart	\$2 50
Per five pint	5 50	Per dozen pints	15 00

Elixir Manaca and Salicylates.

Each fluidounce contains

Manaca	80 grains
Sodium Salicylate	64 grains
Potassium Salicylate	32 grains
Lithium Salicylate	8 grains

Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

Elixir Nux Vomica and Ignatia Comp.

Ten minims of the Elixir contain

Tinct. Nux Vomica	1 minim
Tinct. Ignatia Amara	1 minim
Tinct. Cinchona	4 minims
Tinct. Matricaria	1 minim
Tinct. Gentian	1-2 minim
Tinct. Calumba	1-2 minim
Tinct. Phosphorus, C. P.	1-300 grain
Aromatics	2 minims

Per gallon	\$14 00	Per quart	\$ 4 25
Per five pint	10 00	Per dozen pints	26 00

Elixir Pepsin.

Each fluidrachm contains

Pepsin, Saccharated	5 grains
-------------------------------	----------

Per gallon	\$6 00	Per quart	\$1 75
Per five pint	4 00	Per dozen pints	11 00

Elixir Pepsin and Bismuth.

Each fluidrachm contains

Bismuth and Ammonium Citrate	1 grain
Wine of Pepsin	q. s.

Per gallon	\$6 00	Per quart	\$1 75
Per five pint	4 00	Per dozen pints	11 00

Elixir Pepsin, Bismuth and Calisaya Bark.

Each fluidrachm contains

Bismuth and Ammonium Citrate	1 grain
Calisaya Bark	5 grains
Wine of Pepsin	q. s.

Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

14 *In Ordering our Preparations through Dealers,*

Elixir Pepsin, Bismuth and Iron.

Each fluidrachm contains

Pepsin, Saccharated 5 grains
Bismuth and Ammonium Citrate 1 grain
Iron and Ammonium Citrate 2 grains

Per gallon \$7 00	Per quart \$1 90
Per five pint 4 50	Per dozen pints 12 00

Elixir Pepsin, Bismuth and Strychnine.

Each fluidrachm contains

Pepsin, Saccharated 5 grains
Bismuth and Ammonium Citrate 1 grain
Strychnine 1-60 grain

Per gallon \$7 00	Per quart \$1 90
Per five pint 4 50	Per dozen pints 12 00

Elixir Pepsin Lactated.

PEPSIN POWDER COMP.

Each fluidounce represents 96 grains of Pepsin Lactated, or the Pulv. Pepsin Compound, N. F., which is composed of the following active digestive ingredients, combined in the proportion of

Pepsin, Saccharated 15 parts
Pancreatin 15 parts
Diastase 1 part
Acid Lactic 1 part
Acid Hydrochloric 2 parts
Milk Sugar 66 parts

Per gallon \$5 00	Per quart \$1 45
Per five pint 3 50	Per dozen pints 10 00

Elixir Pepsin Lactated and Bismuth.

PEPSIN POWDER COMP. AND BISMUTH.

Each fluidounce represents

Pepsin Lactated or the Pepsin Powder Comp., N. F. . . 48 grains
Bismuth and Ammonium Citrate 8 grains

Per gallon \$5 00	Per quart \$1 45
Per five pint 3 50	Per dozen pints 10 00

Elixir Pepsin Lactated, Bismuth and Strychnine.

PEPSIN POWDER COMP., BISMUTH AND STRYCHNINE.

Each fluidounce represents
 Pepsin Lactated or the Pepsin Powder Comp., N. F. . . 48 grains
 Bismuth and Ammonium Citrate 8 grains
 Strychnine 1-16 grain

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Pepsin Lactated with Calisaya.

PEPSIN POWDER COMP. WITH CALISAYA.

Each fluidounce represents
 Pepsin Lactated or the Pepsin Powder Comp., N. F. . . 48 grains
 Calisaya Bark 50 grains

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Pepsin Lactated with Gentian and Iron Chloride.

PEPSIN POWDER COMP. WITH GENTIAN AND IRON CHLORIDE.

Each fluidounce represents
 Pepsin Lactated or the Pepsin Powder Comp., N. F. . . 48 grains
 Gentian 8 grains
 Iron Proto-Chloride 8 grains

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Pepsin Lactated with Iron, Quinine and Strychnine.

PEPSIN POWDER COMP. WITH IRON, QUININE AND STRYCHNINE.

Each fluidounce represents
 Pepsin Lactated or the Pepsin Powder Comp., N. F. . . 48 grains
 Iron 4 grains
 Quinine 4 grains
 Strychnine 1-16 grain

Per gallon	\$5 00	Per quart	*
Per five pint	3 50	Per dozen pints	

16 *In Ordering our Preparations through Dealers.*

Elixir Pepsin and Pancreatin Comp.

Each fluidrachm represents twelve grains of the combined ferments, active and inactive, of the entire digestive tract, in the proportion in which they are found in the system.

Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

Elixir Pepsin, Pancreatin and Bismuth.

Each fluidrachm contains

Pepsin, Saccharated	5 grains
Pancreatin, Saccharated	5 grains
Bismuth and Ammonium Citrate	1 grain

Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

Elixir Pepsin Powder Comp.

NOTE.—The line of Elixirs formerly listed under the title of, and representing Pepsin Powder Compound, National Formulary, and the various popular combinations, has been changed to ELIXIR PEPSIN LACTATED with combinations, to meet an existing demand.

Elixir Pepsin and Thymol Comp.

ELIXIR ANTI-DYSPEPTIC.

Each dessertspoonful contains

Pepsin	1 grain
Pancreatin	2 grains
Cascara Sagrada	1 grain
Ipecac	1-5 grain
Strychnine	1-60 grain
Antiseptic Solution	30 minims

Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

Elixir Peruvian Bark and Iron.

Each fluidrachm represents

Peruvian Bark	5 grains
Iron Pyrophosphate	2 grains
Aromatics	q. s.

Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir of the Phosphates and Calisaya.

Each tablespoonful contains

Peruvian Bark	7½ grains
Iron Phosphate	1 grain
Lime Phosphate	2 grains
Sodium Phosphate	½ grain

With a slight excess of Acid Phosphoric.

Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Phosphorus (Free).

Each fluidrachm contains

Free Phosphorus		1-100 grain	
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Potassium Bromide.

Each fluidrachm contains

Each fluidrachm contains			
Potassium Bromide	10 grains		
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Quinine and Strychnine.

Each fluidrachm contains

Quinine	1 grain		
Strychnine	1-60 grain		
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Red Gum Comp.

ELIXIR EUCALYPTUS ROSTRATA COMP.

Each fluidounce contains

Red Gum	15 grains
Witch Hazel	7 1-2 grains
Guarana	5 grains
Cinnamon	5 grains
Opium	1 grain

In combination with Aromatic Antiseptic Oils.

Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

18 *In Ordering our Preparations through Dealers,*

Elixir Rhubarb and Magnesium.

Each fluidrachm represents
Comp. Powder of Rhubarb, U. S. P. 20 grains
Per gallon \$4 25 | Per quart \$1 25
Per five pint 3 00 | Per dozen pints 8 00

Elixir Salicylic Acid Comp.

Each fluidrachm contains
Acid Salicylic 5 grains
Black Cohosh 2 grains
Yellow Jasmine 2 grains
Potassium Iodide $\frac{1}{2}$ grain
Per gallon \$5 00 | Per quart \$ 1 45
Per five pint 3 50 | Per dozen pints 10 00

Elixir Saw Palmetto Comp.

(DIURETIC, TONIC AND STIMULANT.)

This Elixir combines in a pleasant and efficient form the active constituents of Saw Palmetto, Sandalwood, Damiana, Potassium Acetate, Coca Leaves, Nux Vomica and Kola Nut.
Per gallon \$7 00 | Per quart \$ 1 90
Per five pint 4 50 | Per dozen pints 12 00

Elixir Saw Palmetto, Corn Silk and Sandalwood.

Each fluidounce represents
Saw Palmetto 120 grains
Corn Silk 120 grains
Sandalwood 30 grains
Per gallon \$6 00 | Per quart \$1 75
Per five pint 4 00 | Per dozen pints 11 00

Elixir Saw Palmetto and Pichi Comp.

A pleasant and very efficient combination of Saw Palmetto, Sandalwood, Damiana, Potassium Acetate, Coca Leaves, Nux Vomica, Kola Nut and Pichi.
Per gallon \$7 00 | Per quart \$1 90
Per five pint 4 50 | Per dozen pints 12 00

Elixir Saw Palmetto and Sandal Comp.

Each fluidounce represents

Saw Palmetto	120 grains		
Sandalwood	24 grains		
Per gallon	\$6 00	Per quart	\$1 75
Per five pint	4 00	Per dozen pints	11 00

Elixir Sedative Comp.

(SEE ELIXIR CHLORAL COMP., PAGE 6.)

Elixir Sodium Bromide.

Each fluidrachm contains

Sodium Bromide	10 grains		
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Sodium Salicylate Comp.

Each fluidrachm contains

Acid Salicylic	3 1-2 grains		
Black Cohosh	1 grain		
Yellow Jasmine	1 grain		
Potassium Iodide	1 grain		
Sodium Bicarbonate	q. s.		
Per gallon	\$5 00	Per quart	\$ 1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Stillingia Comp.

Each fluidounce represents

Stillingia	30 grains		
Turkey Corn	30 grains		
Blue Flag	15 grains		
Yellow Dock	15 grains		
Coriander	7 1-2 grains		
Prickly-Ash Berries	7 1-2 grains		
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Strontium Salicylate Comp.

Each fluidrachm contains

Strontium Salicylate	2 grains		
Strontium Iodide	1 grain		
Wine of Colchicum	5 minims		
Tincture Gelsemium	2 minims		
Per gallon	\$8 00	Per quart	\$ 2 50
Per five pint	5 50	Per dozen pints	15 00

Elixir Taraxacum Comp.

Each fluidounce represents

Taraxacum (fresh root)	30 grains
Wild Cherry Bark	15 grains
Gentian Root	10 grains
Aromatics	5 grains

Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Terpin Hydrate.

(EXPECTORANT.)

Each fluidrachm contains

Each fluidrachm contains			
Terpin Hydrate			1 grain
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Terpin Hydrate Comp.

Each fluidrachm contains

Terpin Hydrate	1 grain
Codeine Sulphate	1-8 grain
Refined Oil Tar	2 minims
Tincture Lobelia	1 minim
Tincture Gelsemium	1 minim

Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

Elixir Terpin Hydrate and Cherry Comp.

Each fluidrachm represents

Wild Cherry Bark	3 grains
White Pine	2 grains
Blood Root	1-2 grain
Terpin Hydrate	1-2 grain
Codeine Sulphate	1-8 grain

Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Elixir Terpin Hydrate with Codeine.

Each fluidrachm contains

Terpin Hydrate	1 grain
Codeine Sulphate	1-8 grain

Per gallon	\$7 00	Per quart	\$1 90
Per five pint	4 50	Per dozen pints	12 00

Elixir Tonga Comp.

Each fluidrachm contains

Tonga	30 grains
Black Cohosh	2 grains
Sodium Salicylate	10 grains
Pilocarpine Salicylate	1-100 grain
Colchicin Salicylate	1-500 grain

Per gallon	\$9 00	Per quart	\$2 80
Per five pint	6 25	Per dozen pints	18 00

Elixir Unicorn Comp.

Each fluidounce represents

Unicorn Root (Alettris Farinosa)	30 grains
Cramp Bark (Viburnum Opulus)	30 grains
Squaw Vine (Mitchella Repens)	30 grains
Blue Cohosh (Caulophyllum Thalictroides)	15 grains
False Unicorn (Helonias Dioica)	15 grains
Aromatics	q. s.

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Viburnum and Hydrastis Comp.

(UTERINE TONIC, SEDATIVE.)

Each fluidounce contains

Viburnum Opulus (Cramp Bark)	40 grains
Hydrastis Canadensis (Golden Seal)	30 grains
Placidia Erythrina (Jamaica Dogwood)	20 grains
Anemone Pulsatilla (Pulsatilla)	10 grains

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Elixir Yerba Santa, Aromatic.

Each fluidrachm represents

Yerba Santa	7 1-2 grains
Aromatics	q. s.

Per gallon	\$4 00	Per quart	\$1 20
Per five pint	2 80	Per dozen pints	7 50

Elixir Zinc Valerianate.

Each fluidrachm contains

Zinc Valerianate	1 grain
----------------------------	---------

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

22 In Ordering our Preparations through Dealers,

**Special Prices when ordered in Bulk (3 gal. or more);
also, special formulæ prepared at lowest figures.**

Write for quotations.

SYRUPS.

Unless otherwise specified, all orders for Syrups, excepting in lots of more than five gallons in bulk, will be delivered in glass containers.

Syrup Five Bromides.

Each fluidrachm contains

Sodium Bromide	5 grains
Potassium Bromide	4 grains
Calcium Bromide	3 grains
Lithium Bromide	2 grains
Ammonium Bromide	1 grain

Per gallon	\$8 00	Per quart	\$2 50
Per five pint	5 50	Per dozen pints	15 00

Syrups of the Hypophosphites.

Syrups containing the Hypophosphites have so largely increased in number that, to assist in filling orders correctly, we have thought it advisable to designate such Syrups by NUMBER as well as by name, and for the convenience of our customers we have adopted this method.

**IN ORDERING PLEASE SPECIFY BY NUMBER
AS WELL AS BY NAME.**

NO. 1.

Nutritive Syrup of the Hypophosphites.

Each fluidounce contains

Lime Hypophosphite	1 grain
Sodium Hypophosphite	1-8 grain
Potassium Hypophosphite	1 1-2 grains
Iron Hypophosphite	1 1-4 grains
Quinine Hypophosphite	7-16 grain
Manganese Hypophosphite	1 grain
Strychnine Hypophosphite	1-8 grain

This preparation should be kept well corked, in a cool, dark place, and the bottle should be *shaken when the precipitate settles.*

Per gallon	\$4 00	Per quart	\$1 20
Per five pint	2 80	Per dozen pints	7 50

No. 2.

Syrup Hypophos. Comp. of Quinine, Manganese and Strychnine.

Each fluidrachm contains

Iron Hypophosphite	1-2 grain
Quinine Hypophosphite	1-4 grain
Manganese Hypophosphite	1-4 grain
Sodium Hypophosphite	1 grain
Strychnine Hypophosphite	1-64 grain

Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

No. 3.

Syrup Hypophosphites Comp.

(CHURCHILL'S.)

Each fluidrachm contains

Lime Hypophosphite	2 grains
Sodium Hypophosphite	2 grains
Potassium Hypophosphite	1 grain

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

No. 4.

Syrup Hypophosphites Comp. and Iron.

Each fluidrachm contains

Lime Hypophosphite	2 grains
Sodium Hypophosphite	2 grains
Potassium Hypophosphite	1 grain
Iron Hypophosphite	1-2 grain

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

No. 5.

Syrup Hypophosphites Comp. with Quinine.

Each fluidrachm contains

Lime Hypophosphite	2 grains
Sodium Hypophosphite	2 grains
Potassium Hypophosphite	1 grain
Iron Hypophosphite	1-2 grain
Quinine Hypophosphite	1-2 grain

Per gallon	\$6 00	Per quart	
Per five pint	4 00	Per dozen pints	

No. 6.

**Syrup Hypophosphites Comp. with Quinine
and Nux Vomica.**

Each fluidrachm contains

Lime Hypophosphite	2 grains
Sodium Hypophosphite	2 grains
Potassium Hypophosphite	1 grain
Iron Hypophosphite	1-2 grain
Quinine Hypophosphite	1-2 grain
Nux Vomica	1 grain

Per gallon	\$6 00	Per quart	\$1 75
Per five pint	4 00	Per dozen pints	11 00

No. 7.

**Syrup Hypophosphites Comp. with Quinine
and Strychnine.**

Each fluidrachm contains

Lime Hypophosphite	1 grain
Sodium Hypophosphite	1 grain
Potassium Hypophosphite	1-2 grain
Iron Hypophosphite	1 grain
Quinine Hypophosphite	1 grain
Strychnine Hypophosphite	1-48 grain

Per gallon	\$6 00	Per quart	\$1 75
Per five pint	4 00	Per dozen pints	11 00

No. 8.

**Syrup Hypophosphites Comp. with
Strychnine.**

Each fluidrachm contains

Lime Hypophosphite	1 grain
Sodium Hypophosphite	1 grain
Potassium Hypophosphite	1-2 grain
Iron Hypophosphite	1 grain
Strychnine Hypophosphite	1-48 grain

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

No. 9.

Syrup Hypophosphites, U. S. P., 1890.

Each fluidounce contains

Lime Hypophosphite	20 5-8 grains
Sodium Hypophosphite	6 7-8 grains
Potassium Hypophosphite	6 7-8 grains

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

No. 10.

Syrup Hypophosphites with Iron, U. S. P.

Each fluidounce contains

Lime Hypophosphite	20	5-8 grains
Sodium Hypophosphite	6	7-8 grains
Potassium Hypophosphite	6	7-8 grains
Iron Lactate	4	9-16 grains
Potassium Citrate	4	9-16 grains
Per gallon	\$5 00	Per quart \$1 45
Per five pint	3 50	Per dozen pints 10 00

No. 11.

Syrup Hypophosphites Comp., Improved,

NATIONAL FORMULARY.

Each fluidrachm contains

Calcium Hypophosphite	2 grains		
Potassium Hypophosphite	1 grain		
Sodium Hypophosphite	1 grain		
Iron Hypophosphite	1-8 grain		
Manganese Hypophosphite	1-8 grain		
Quinine Hydrochlorate	1-16 grain		
Tinct. Nux Vomica	1 1-4 mins.		
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

No. 12.

Syrup Hypophosphites of Lime and Sodium.

Each fluidrachm contains

Lime Hypophosphite	2 grains
Sodium Hypophosphite	2 grains
Per gallon \$5 00	Per quart \$1 45
Per five pint 3 50	Per dozen pints 10 00

No. 13.

Syrup Hypophosphite of Iron.

Each fluidrachm contains

Iron Hypophosphite	1 grain		
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

No. 14.

Syrup Hypophosphite of Lime.

Each fluidrachm contains

Lime Hypophosphite	2 grains
Per gallon \$4 25	Per quart \$1 25
Per five pint 3 00	Per dozen pints 8 00

No. 15.

Syrup Hypophosphite of Sodium.

Each fluidrachm contains			
Sodium Hypophosphite	2	grains	
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

No. 16.

SOLUTION Hypophosphites Comp. (No Sugar)

(SEE PAGE 39.)

No. 20.

Syrup Hypophosphites Comp.

(HEMATIC HYPOPHOSPHITES.)

Each fluidounce contains			
Lime Hypophosphite	1	grain	
Sodium Hypophosphite	1-3	grain	
Potassium Hypophosphite	1-2	grains	
Iron Hypophosphite	1-4	grains	
Quinine Hypophosphite	7-10	grain	
Manganese Hypophosphite	1	grain	
Strychnine Hypophosphite	1-8	grain	
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Syrup Iron and Manganese Iodides.

Each fluidounce contains			
Iron Iodide	20	grains	
Manganese Iodide	20	grains	
Per dozen pounds	\$12	00	

Syrup Iron, Quinine and Strychnine Phosph.

Each fluidrachm contains			
Iron Phosphate	2	grains	
Quinine Phosphate	1	grain	
Strychnine Phosphate	1-60	grain	
Per gallon	\$6 00	Per quart	\$1 75
Per five pint	4 00	Per dozen pints	11 00

Syrup Lactophosphates Comp.

Each fluidrachm contains

Lime Lactophosphate 1 grain
 Iron Lactophosphate 1-2 grain
 Potassium Lactophosphate 1-4 grain

Per gallon \$8 00 | Per quart \$2 50
 Per five pint 5 50 | Per dozen pints 15 00

Syrup Lime Iodide.

Each fluidrachm contains

Lime Iodide 2 grains

Per dozen pounds \$12 00

Syrup Lime Lactophosphate.

Each fluidrachm contains

Lime Lactophosphate 2 grains
 Prepared with an excess of Acid Lactic.

Per gallon \$7 00 | Per quart \$1 90
 Per five pint 4 50 | Per dozen pints 12 00

Syrup Pectoral—(Jackson).

Each fluidrachm contains

Morphine Hydrochlorate 1-16 grain
 Syrup Tolu *q. s.*

Per gallon \$5 00 | Per dozen pints \$10 00
 Per five pint 3 50 | Per doz. 4-oz. bottles 3 00
 Per quart 1 45 | Per gross 4-oz. bottles 30 00

Syrup Phosphates Comp.

(CHEMICAL FOOD.)

Each fluidrachm contains

Iron Phosphate 1 grain
 Lime Phosphate 2 grains
 Sodium Phosphate 1 grain
 Potassium Phosphate 1-2 grain

With slight excess of Acid Phosphoric.

Per gallon \$5 00 | Per quart \$1 45
 Per five pint 3 50 | Per dozen pints 10 00

Syrup Phosphates Comp. with Muriate of Quinine.

Each fluidrachm contains

Potassium Phosphate	1 3-4 grains		
Magnesium Phosphate	1 grain		
Lime Phosphate	3-4 grain		
Iron Phosphate	1 grain		
Strychnine Phosphate	1-120 grain		
Quinine Muriate	1-4 grain		
Syrupy Acid Phosphoric	q s. and free		
Simple Syrup	q s.

Per five pint	3 50	Per dozen pints	10 00

Syrup White Pine Comp.

(SEE PART TWO.)

Syrup White Pine Comp. with Tar.

(SEE PART TWO.)

Syrup White Pine Comp. with Codeine.

(SEE PART TWO.)

Syrup White Pine Comp. and Tar with Codeine.

(SEE PART TWO.)

Nirvanin.

As a local anesthetic and analgesic, Nirvanin will be found as efficient as cocaine, and with the decided advantage over cocaine in that its use does not in the least affect the respiration, circulation or mental condition. It is practically non-toxic and perfectly neutral, with the further advantage of being antiseptic, a one-per-cent. solution preventing the growth of bacteria and arresting fermentation and putrefaction. Its chief advantage is in the long duration of its effect, while the effect of cocaine is of short duration. Paralysis of the nerve terminals continues from the use of this anesthetic long after the remedy has been removed by absorption. *Write for sample.*

**Special Prices when ordered in Bulk (3 gal. or more);
also, special formulæ prepared at lowest figures.**

Write for quotations.

WINES.

Unless otherwise specified, all orders for Wines, excepting in lots of more than five gallons in bulk, will be delivered in glass containers.

Wine of American Ash.

Each tablespoonful represents			
American Ash Bark		60 grains	
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Wine of Calisaya.

Each fluidrachm represents			
Calisaya Bark		5 grains	
Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Wine of Coca.

Each fluidounce represents			
Coca Leaves		60 grains	
Sherry Wine and Aromatics		q. s.	
Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Wine of Cod Liver Oil Extract—Ferro-Peptonized.

This preparation contains the extractive alkaloidal principles (so-called) of Cod Liver Oil in a pleasant, acceptable and palatable combination with Peptonized Iron and Port Wine. Each fluidounce represents on fourth its volume of Cod Liver Oil, eight grains Peptonized Iron with Port Wine and Aromatics.

Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Wine of Cod Liver Oil Extract with Cherry and Hypophosphites.

Each fluidounce represents one-fourth its volume of Cod Liver Oil with Extract of Malt, Fluid Extract Wild Cherry Bark and the Hypophosphites of Lime, Sodium, Potassium, Iron, Manganese, Quinine and Strychnine.

Per gallon	\$4 50	Per quart	\$1 11
Per five pint	3 25	Per dozen pints	9 00

Wine of Ergot.

• Strength, United States Pharmacopoeia, 1890.

Per gallon	\$5 00	Per quart	\$1 11
Per five pint	3 50	Per dozen pints	10 00

Wine of Glycero-Phosphate of Lime.

Each fluidounce contains

Glycero-Phosphate of Lime 10 grains

Per gallon	\$8 00	Per quart	\$2 11
Per five pint	5 50	Per dozen pints	15 00

Wine of Iron.

Each fluidrachm contains

Iron and Ammonium Citrate 1 grain

Per gallon	\$4 25	Per quart	\$1 11
Per five pint	3 00	Per dozen pints	8 00

Bitter Wine of Iron.

Each fluidrachm contains

Iron and Ammonium Citrate 2 grains

Calisaya Bark 5 grains

Per gallon	\$4 25	Per quart	\$1 11
Per five pint	3 00	Per dozen pints	8 00

Wine of Kola Comp.

Each fluidounce represents

Kola Nuts 48 grains

Celery Seeds 48 grains

Coca Leaves 64 grains

Per gallon	\$7 00	Per quart	\$1 9
Per five pint	4 50	Per dozen pints	12 00

Wine of Pepsin.

Rach fluidrachm contains

Pepsin, Saccharated 5 grains

Per gallon \$6 00	Per quart \$1 75
Per five pint 4 00	Per dozen pints 11 00

Wine of Tar.

Formula of the late Dr. SAMUEL JACKSON, Professor of the
Theory and Practice of Medicine, University of Pennsylvania.

Per gallon \$2 15	Per quart \$ 65
Per five pint 1 50	Per dozen pints 4 00

In a complexus of symptoms by no means rare—bronchial and stomachal catarrh combined—the Wine of Tar has especial efficacy; it moderates the cough, promotes expectoration, and, at the same time, allays nausea and increases the appetite and the digestive power. Practical physicians need hardly be told how ordinary cough remedies and expectorants fail under such circumstances; the agents that relieve the cough disorder the stomach. It is a misfortune of the action of most remedies used against cough that they are apt to distress the stomach and impair the appetite. As in all cases of chronic cough it is of vital importance to maintain the nutrition, the value of a remedy acting as our Wine of Tar can be readily appreciated.

There is another class of cases in which the Wine of Tar is capable of effecting very great relief—cases of bronchitis in which there is coincident catarrh of the urinary passages. In the latter affections alone, whether examples of pyonephrosis, or vesical catarrh, it must be ranked amongst the most efficient remedies. In irritability of the bladder, and in some instances of urinary incontinence requiring the exhibition of a stimulating remedy, it may be expected to do good.

As in our combination the power of Tar as a remedial agent is reinforced by the malt and hops, it acts as an efficient stomachic tonic and general nutritive stimulant. The small amount of alcohol contained in it contributes to the tonic effect, but is insufficient to impair the digestive power of the gastric juice, which indeed it rather promotes.

Finally, it must be admitted that even if administered in cases to which it is not adapted, no injury can be done by it unless in quantity which can only be regarded as excessive.

When the inhalation of the vapor of Tar is indicated, our Wine of Tar will be found the most effective and agreeable way to administer it, either with an atomizer or by an inhaler.

32 In Ordering our Preparations through Dealers

We cannot undertake to accept for Credit or exchange, broken opened packages, i. e., where stoppers (cap or cork) have been removed or seals broken, but will exchange any of our preparations, in original or unbroken packages, which may have undergone change from causes impairing their efficacy.

Special Prices when ordered in Bulk (3 gal. or more)
also, special formulæ prepared at lowest figures.

LIQUORS.

Unless otherwise specified, all orders for Liquors, excepting in lots of more than five gallons in bulk, will be delivered in glass containers.

Liquor Acid Phosphates Comp.

(WITH IRON.)

This is a concentrated and medicinal preparation and should not be confused with Liquor Acid Phosphate for Soda Fountain use.

Each fluidrachm contains

Lime Phosphate	3 grains
Magnesium Phosphate	1-2 grain
Potassium Phosphate	1-4 grain
Iron Phosphate	1-2 grain
Acid Phosphoric	q. s.

Per gallon	\$3 20	Per quart	\$1 0
Per five pint	2 35	Per dozen pints	6 3

Liquor Acid Phosphates Comp.

(WITHOUT IRON.)

Each fluidrachm contains

Lime Phosphate	3 grains
Magnesium Phosphate	2 grains
Potassium Phosphate	1 1-2 grain
Acid Phosphoric	q. s.

Per gallon	\$4 50	Per quart	\$1 3
Per five pint	3 25	Per dozen pints	9 0

Liquor Acid Phosphates (for Soda Fountain)

(SEE PART TWO.)

Liquor Alterative Comp.

This is a vegetable alterative, representing the therapeutic virtues of Sarsaparilla, Stillingia, Burdock, Poke Root and Prickly-Ash Bark, as recommended by Dr. J. Marion Sims, Dr. McDade and others, in scrofulous and syphilitic diseases. It will be found to be a valuable vehicle for the administration of the iodides where a combined effect is wanted of the mineral and vegetable alteratives.

Per gallon	\$4 50	Per quart	\$1 35
Per five pint	3 25	Per dozen pints	9 00

Liquor Bismuth.

Each fluidrachm contains

Bismuth and Ammonium Citrate 2 grains

Per gallon	\$6 00	Per quart	\$1 75
Per five pint	4 00	Per dozen pints	11 00

Liquor Eucalyptus Comp.—Wyeth.

(SEE THYPTOL, PAGE 41.)

Antiseptic, Prophylactic, Deodorant.

Formula.—THYPTOL contains the purified active principles of Thyme, Eucalyptus, Gaultheria, Mentha Arvensis, Baptisia tinctoria with Benzoboric Acid.

THYPTOL is liquid, free from all deleterious properties, non-irritating, but on the contrary balsamic, soothing, healing, of pleasing fragrant odor suggestive of a cleansing, purifying effect.

Characteristics.—At the ordinary temperature, a mean of 50° F., the liquid is transparent and bright, but at a reduced point a slight opacity is produced upon a portion of its constituents, but not to the extent of impairing its usefulness or application. Increased warmth restores the natural condition. It mixes freely with water, and has no material incompatibility with the liquids of most medicines, particularly Tincture Iron Chloride, U.S.P., with which it is so frequently desirable to combine it; this property makes its adaptation and dilution for many purposes extremely convenient as well as economical to the druggist.

SPECIALTIES.

Acid Boric.

Chemically Pure, in impalpable powder, in two-ounce bottles furnished with a sprinkler top.

Per dozen two-ounce bottles	\$ 2 00
Per gross two-ounce bottles	22 00
Per one-pound bottle	80

ACID BORIO (COMMERCIAL).

Per one-pound bottle	40
--------------------------------	----

Alka-Thyptol.

(LIQUOR EUCALYPTUS COMP.—ALKALINE.)

This preparation represents the purified active principles of Eucalyptus, Mentha Arvensis, Thyme, Gaultheria, in combination with Sodium Biborate, Sodium Benzoate and Glycerine, and is prepared and intended solely for the convenience and use of the physician, surgeon, dentist and all specialists, but being of an alkaline reaction it is particularly adapted to meet the requirements of those physicians engaged in Nose and Throat work as a specialty.

See also Thyptol (an acid preparation), page 41.

Per gallon	\$4 50	Per quart	\$1 30
Per five pint	3 25	Per dozen 14 ozs.	8 00
Per dozen 4 ozs.	\$3 00		

Amylopsin.—Animal Diastase.

(The starch-digesting principle of pancreatic juice.)

One part converts 250 parts of starch into dextrose in three hours.

Per ounce	\$1 00	Per pound	\$12 00
---------------------	--------	---------------------	---------

Anti-Rheumatic Tablets (Effervescing).

(SALICYLATES OF POTASSIUM AND LITHIUM.)

Uniting the valuable properties of Acid Salicylic with Potassium and Lithium, it is less irritant to the stomach and can be readily taken for any length of time by the most delicate and sensitive. In the form of an Effervescing Tablet it is rendered palatable and refreshing. Each Tablet contains three and one-half grains of the combined salts.

Per dozen bottles of 50 each	\$3 00
Per bottle of 100	40
Per bottle of 500	1 85
Per bottle of 1000	3 60

Antiseptic Cones.

(ANTISEPTIC, ANODYNE.)

IN ALUMINUM HOLDERS.

An efficient remedy for local applications to allay the inflammation and irritation caused by the bite and sting of *mosquitos, flies, gnats, etc.* Also allays the irritation and prevents the spread of the eruption caused by contact with Poison Ivy, Poison Oak, Cacti, Wire Grass, etc.

Per dozen \$2 00

Antiseptic Solution.

Represents in proportionate combination the purified active principles of Thyme, Eucalyptus, Gaultheria, *Mentha Arvensis* and Baptisia Tinctoria, with sixteen grains of Acid Benzo-Boric and three grains *Acetanilid* in each fluidounce.

Per gallon	\$4 00	Per quart	\$1 20
Per five pint	2 80	Per dozen pints	7 50

Beef, Iron and Wine.

Each tablespoonful contains all the soluble salts of one ounce of prime lean Beef, two grains of Iron and Ammonium Citrate, and one-half ounce of matured Sherry Wine of the best quality, pleasantly flavored and aromatized.

Per gallon	\$4 25	Per quart	\$1 25
Per five pint	3 00	Per dozen pints	8 00

Beef, Iron, Wine and Cinchona.

Beef, Iron and Wine, with ten grains Cinchona in each dessert-spoonful

Per gallon	\$5 00	Per quart	\$1 45
Per five pint	3 50	Per dozen pints	10 00

Beef Juice.

A Liquid Preparation of the Choicest Beef, containing the Nutritive Albuminous Principles in an unaltered and soluble form.

Per dozen regular size	\$9 00
Per dozen Hospital size (100 c.c.)	16 00

The Hospital size, having a capacity of 100 cubic centimeters, is the style of package adopted by the Surgeon General's Department for the United States Army.

Boracetanile.

ACETANILID 25 PARTS AND ACID BORIC 75 PARTS.

Chemically Pure, in impalpable powder, in bottles furnished with a sprinkler top.

Per dozen two-ounce bottles	\$2 0
Per gross two-ounce bottles	22 0
Per one-pound bottle	8

Boroglyceride, 50 per cent. Solution.

CONTAINING 31 PER CENT. ACID BORIC.

Per pound	\$1 0
---------------------	-------

Caf-Acetan.

(TRADE MARK.)

WYETH'S EFFERVESCENT HEADACHE SALTS.

(ACETANILID, CAFFEINE AND SODIUM BROMIDE.)

The frequent inquiry which the druggist receives daily, both at the counter and Soda Fountain, for "Something for Headache" can be responded to by offering CAF-ACETAN, either in Ten-Cent or Fifty-Cent Bottles, or by dispensing in a glass of sparkling cold water, at the Fountain.

Per dozen four-ounce size	\$5 2
Per dozen ten-cent size	9
Per pound in one-pound bottles	1 3
Per pound in five-pound bottles	1 2

Cordial Tonic of Yellow Peruvian Bark,

Serpentaria, etc., etc.

Per gallon \$4 25	Per quart \$1 2
Per five pint 3 00	Per dozen pints 8 0

Corn and Wart Pencils.

For the painless removal of Warts, and a certain cure for hard and soft Corns. Its use for both warts and corns, besides being more certain, is not open to the annoyances of the plasters, ointments, and caustics usually prescribed.

Per dozen	\$1 5
---------------------	-------

Chloramine Pastilles.

(SEE SPENCER'S CHLORAMINE PASTILLES, PAGE 40.)

Crystalized Liniment.

SUPPOSITORIES FROM PRIVATE FORMULÆ.

The rapidly growing, very successful and popular treatment of numerous diseases by the use of Suppositories induces us to call particular attention to our exceptional facilities for filling private formulæ in any shape Suppository as illustrated on pages 46 and 47, or from the private moulds of the purchaser.

We put up Suppositories of special formulæ in neat wooden boxes of twenty each, in tinfoil-lined cardboard boxes of any number of interspaces, or in bulk, so packed that the Suppositories retain their shape perfectly. The utmost care, exactness and scrupulous attention are given to the details of compounding and moulding, so essential in preparing a class of agents containing such potent remedies as are usually desired in this form of medication.

Each Suppository contains the exact amount of drug thoroughly and evenly incorporated through the best quality of Cacao Butter, Gelatine or Glycerine, as the base may be, thus insuring the most prompt and effective action upon the economy. Our facilities for manufacturing special formulæ are unequalled, and any desired combination can be prepared in a few hours upon the most reasonable terms.

QUOTATIONS WILL BE GLADLY FURNISHED UPON APPLICATION.

JOHN WYETH & BROTHER, Inc., Philada.

WYETH'S GRANULAR EFFERVESCENT SALTS.

The following list of Granular Effervescing Salts embraces those in popular and general demand. We ask the trade to compare their general physical appearance with those usually found in the market.

For uniformity and fineness of granule, ready and complete solubility, sparkling effervescence and general freshness, delicacy of flavor and character, they are unsurpassed. They are prepared with scrupulous exactness as to the strength and contents of each drachm or sixty grains.

WYETH'S GRANULAR EFFERVESCENT SALTS.

Aperient.

Per dozen four-ounce bottles \$4 25
Per pound bottle 1 00

A most pleasant and agreeable morning draught, acceptable to the stomach, and mild but effective in action.
Each dessertspoonful is the equivalent of fifty grains Saline Aperient Salts.

Bromides Modified.

Per dozen four-ounce bottles \$5 25
Per pound bottle 1 25

Nerve sedative, and hypnotic; more especially intended for use in cases suffering from kidney disorders.
Each dessertspoonful contains two grains Sodium Bromide, one grain Lithium Bromide, one grain Strontium Bromide, and one grain Sodium Iodide.

Caffeine Hydrobromate.

Per dozen four-ounce bottles \$5 25
Per pound bottle 1 25

The advantage of this preparation over combinations containing drugs from which Caffeine is obtained is that, while possessing the same therapeutic properties, definite strength is assured.
Each drachm represents one grain Caffeine Hydrobromate.
Each dessertspoonful represents two grains Caffeine Hydrobromate.

66 *In Ordering our Preparations through Dealers*

WYETH'S GRANULAR EFFERVESCENT SALTS—Continued.

Headache Salts.

(CAF-ACETAN.)

Relieves Sick Headache, Neuralgia, Sea Sickness, Migraine,
Neuralgia Insomnia, Nervous Excitement, Dyspepsia,
Morning Nausea, Acidity, etc., etc.

Four-ounce size, per dozen	\$5 25
Ten-cent size, per dozen	95
One-pound bottles, per pound	1 30
Five-pound bottles, per pound	1 25

The chief ingredients of this preparation are Acetanilid, Caffeine and Sodium Bromide. In their effect on the nervous system, the first two are intercoöperative, except in their action on reflex excitability, which is diminished by the Bromide and somewhat increased by the Caffeine.

The dose is a heaped dessertspoonful, which, taken in a little water, makes a pleasant drink, of gentle acidulous and saline taste, most grateful to an irritable, dyspeptic stomach.

Kissingen.

Per dozen four-ounce bottles	\$5 25
Per pound bottle	1 25

An excellent substitute for Carlsbad Water (which depends largely for its beneficial effect upon the constituents of Kissingen Salts) may be obtained by adding a dose to a tumbler of water and drinking slowly immediately after arising in the morning.

As a specific for obesity, Granular Effervescent Kissingen should be taken alternating daily with Granular Effervescent Vichy.

Lithium and Potassium Carbonates.

(ALKALINE)

Each dessertspoonful represents

Caffeine	1 gr.
Potassium Bicarbonate	10 grs.
Sodium Bicarbonate	10 grs.
Lithium Carbonate	5 grs.

Per dozen four-ounce bottles	\$5 25
Per pound bottle	1 25

Indicated in all cases where an excess of acid exists in the secretions and will be found especially valuable in Cystitis and Rheumatism.

WYETH'S GRANULAR EFFERVESCING SALTS—Continued.

Lithium Citrate.

Per dozen four-ounce bottles \$5 25

Per pound bottle I 25

Indicated in Rheumatic, Gouty and kindred conditions.

Owing to its less nauseating character, it will prove more acceptable than the Carbonate.

Each dessertspoonful contains five grains Pure Lithium Citrate.

MAGNESIA SULPHATE.

Per dozen four-ounce bottles \$4 25

Per pound bottle I 00

A valuable laxative, cathartic and refrigerant possessing the power to render the secretions alkaline; particularly those of the alimentary canal. A mild and gentle action will be secured if used in moderate doses.

Each dessertspoonful contains sixty grains Magnesia Sulphate.

Magnesian Aperient.

Per dozen four-ounce bottles \$4 25

Per pound bottle I 00

An aperient and refrigerant, possessing the quality of rendering the secretions neutral or alkaline, more especially those of the alimentary canal. The mild and gentle action characteristic of Magnesia attends the use of this.

DOSE—One dessertspoonful, containing forty-five grains Magnesia Salt.

Magnesium Citrate.

Per dozen four-ounce bottles \$4 25

Per pound bottle I 00

Possesses all the laxative and purgative properties of the liquid preparation, but has the advantage of being more economical; is effective, and at the same time pleasing to the taste, it not being required that any sugar be added, but that the Granular Effervescing Salt alone be dissolved in the requisite amount of water.

DOSE—Two to four dessertspoonfuls.

WYETH'S GRANULAR EFFERVESCENT SALTS—Continued.

PHOSPHO-LITHIA.

(A LAXATIVE LITHIA SALT.)

Each dessertspoonful contains

Lithium Carbonate 3 grs.
Sodium Sulpho-Phosphate 50 grs.
Potassium Bicarbonate 10 grs.

Per dozen four-ounce bottles \$5 25

Per pound bottle 1 25

This is a double salt of Lithium, possessing laxative and aperient properties, and is indicated in Lithemia, Gout, Rheumatism, Neurasthenia, Cystitis and similar affections arising from Uric Acid Diathesis.

DOSE.—A dessertspoonful in a glass of water, taken usually before breakfast.

Potassium Bicarbonate.

Per dozen four-ounce bottles \$4 25

Per pound bottle 1 00

The most freely prescribed of all alkaline remedies. Its worth is so fully recognized that recommendation is unnecessary. As a granular effervescent salt, we offer it in a most desirable form for administration.

Each dessertspoonful contains eight grains Potassium Bicarbonate.

Potassium Citrate.

Per dozen four-ounce bottles \$4 25

Per pound bottle 1 00

Diuretic, diaphoretic and febrifuge; a delightful draught, and more pleasant for administration than the ordinary alkaline waters. Especially recommended for neutralizing the secretions.

Each dessertspoonful contains ten grains of the Salt.

Seidlitz Mixture.

Per dozen four-ounce bottles \$4 25

Per pound bottle 1 00

A saline laxative, effective in relieving moderate constipation and in reducing the fever natural to kindred disorders. A more convenient form than the ordinary Seidlitz Powders.

Each dessertspoonful represents fifty grains Seidlitz Aperient Mixture.

WYETH'S GRANULAR EFFERVESCENT SALTS—Continued.

Sodium Bicarbonate.

Per dozen four-ounce bottles \$4 25

Per pound bottle 1 00

This salt is largely prescribed in cases of dyspepsia due to acid fermentation ; in fact, is especially valuable for overcoming the acid condition of the secretions.

Each dessertspoonful contains eight grains Sodium Bicarbonate.

Sodium Phosphate.

Per dozen four-ounce bottles \$4 25

Per pound bottle 1 00

This is a specific in constipation, obesity, rickets, jaundice, the diarrhoea of small children, etc., etc. ; will also act as a mild, pleasant and tasteless laxative.

Each dessertspoonful represents thirty grains of the salt.

Sodium Sulphate.

Per dozen four-ounce bottles \$4 25

Per pound bottle 1 00

In small doses this remedy will be found to possess aperient and diuretic properties. Its particular office, however, is that of a laxative, and its popularity in that capacity in the shape of an Effervescent Salt resulted in its addition to the British Pharmacopoeia.

Each dessertspoonful, or 120 grains, contains one drachm Sodium Sulphate.

Sodium Sulpho-Phosphate.

Per dozen four-ounce bottles \$4 25

Per pound bottle 1 00

In this combination the aperient property of Sodium Phosphate is reinforced by the addition of Sodium Sulphate, producing a combination of decided merit.

Each dessertspoonful contains thirty grains of each Salt.

WYETH'S GRANULAR EFFERVESCENT SALTS—Continued.

Strontium Salicylate Comp.

(ALKALINE.)

Each dessertspoonful contains

Strontium Salicylate 5 grs.
Ammonium Salicylate 5 grs.
Lithium Bitartrate 2 grs.
Alkaline Effervescing Base q. s.

Per dozen four-ounce bottles \$5 25

Per pound bottle 1 25

Indicated in Rheumatism and Gouty Affections, Neuralgia, Migraine, and all other disorders in which the Salicylates are recognized as being efficient.

The presence of Lithium Bitartrate insures elimination of the Salicylates without producing an irritating effect upon the kidneys. In the effervescing form the greatest volume of therapeutic power is obtained, permitting small doses and avoiding toxic effects.

DOSE.—One dessertspoonful taken in a glass of water two or three times daily will prove a boon for the relief of sufferers from Rheumatic affections.

Vichy.

Per dozen four-ounce bottles \$4 25

Per pound bottle 1 00

The well-known and valuable therapeutic properties of the Vichy water are strictly and carefully imitated, following the French government's official analysis. The most popular of the three springs is the one selected, namely the Grande-Grille.

As a specific for obesity, Granular Effervescing Vichy should be taken alternating daily with Granular Effervescing Kissingen.

Each drachm of sixty grains or a heaping teaspoonful is equivalent to a tumblerful of genuine Vichy water.

SOLUBLE POWDER-CAPSULES.

These POWDER-CAPSULES consist of a hermetically sealed, globular shaped, Soluble Gelatine Capsule or Pearl, in which is enclosed in perfectly dry powder form, the amount of drug desired to be administered.

In bringing the POWDER-CAPSULES to the attention of the medical profession and the trade, we invite earnest attention to the excellence of this mode of preserving a drug for use, its convenience and permanence, as well as elegance of finish. They do not change or harden with age, or become insoluble, but may be kept indefinitely under great variations of climate and atmosphere, and may always be depended upon to preserve from injury, and from hardening with time, the medicament enclosed. Their size, shape, freedom from unpleasant taste, familiar composition and nature, render them not only pleasing to the eye, but most acceptable to that class of patients to whom the old form of pill is so objectionable.

In the manufacture of these Capsules, every possible precaution is observed for preserving the medicament from injury by absorption of moisture and from contact with foreign matter, and when desirable on the part of the physician the Capsules may be broken and the contents subdivided into such doses as may be preferred; in fact, these POWDER-CAPSULES present the only means afforded for preserving indefinitely in fresh and unchanged condition such medicine in powdered form as may be desirable to introduce into the human economy, and which may at once prove freely soluble in the solvents of the stomach, as the Gelatine from which the Capsules are prepared is carefully manufactured to dissolve readily in contact with the gastric fluids, though the fact must not be lost sight of in testing the POWDER-CAPSULES as to their solubility, that the finest quality of Gelatine is only softened, and not dissolved by cold solutions, and experiments should be conducted, therefore, only at the temperature of the body. The rapid solubility of the Capsule insures the quick absorption of the medicament, as will be noticed in a physiological interval after swallowing, and there is scarcely any property of such particular value and importance to the physician and patient alike, or of such convenience and comfort as well, as this property of quick solubility and unimpeded absorption. Such being the advantages of this mode of preserving and administering medicinal doses of drugs, we offer these POWDER-CAPSULES to the medical profession with the utmost confidence in their utility, and that the claims we urge will be confirmed by experience.

72 In Ordering our Preparations through Dealers,

When ordering Soluble Powder-Capsules be careful to designate what number you may desire in each Bottle, whether 1—500 or 5—100, 10—100 or 1—1000, 5—1000 or 1—5000, etc.

When ordering Soluble Globules be careful to designate what number you may desire in each Bottle, whether 1-500 or 5-100, 10-100 or 1-1000, 5-1000 or 1-5000, etc.

SOLUBLE GLOBULES.

We desire as well to call attention to our SOLUBLE GLOBULES as a most desirable way in which to administer drugs possessing pungent, acrid or oily properties, the tendency to produce nausea being thus effectually overcome, and the full remedial effect of the drug promptly secured.

HYPODERMIC TABLETS

COMPRESSED OR MOULDED.

**Perfect Accuracy of Dose, Ready and Entire Solubility
Unalterable and Perfect Preservation of the Drug,
Absolute Freedom from Septic Infection or
Tendency to Cause Inflammation.**

Our Hypodermic Tablets will remain soluble and unchanged in composition for years, whereas it is quite impossible to preserve a solution so long in good condition. As is essential, the tablets are definite and accurate in dose, and it is only by the aid of the delicate machinery with which our laboratory is equipped, and careful manipulation by skilled pharmacists that the necessary completeness of trituration and absolute accuracy of subdivision can be effected. The fact that our Hypodermic Tablets are immediately soluble in either cold or warm water, and the perfect trituration and accurate subdivision of the medicament, insure the best effects of which the remedy is capable.

To meet the preference which physicians may entertain for either the COMPRESSED or MOULDED form of Hypodermic Tablets, we are prepared to supply either, in tubes of twenty-five each, packed four tubes in each case.

When ordering, kindly specify either H. T. C. as indicating a preference for COMPRESSED Hypodermic Tablets, or H. T. M. as indicating a preference for MOULDED Hypodermic Tablets.

We will invariably supply the Compressed Tablets where the Moulded are not specified.

Our Customers will, as well, please specify "in tubes" when tubes are preferred, as otherwise, on all orders calling for 100 Hypodermic Tablets, we will supply the Tablets in bottles of 100.

Owing to the essentially delicate structural character of our Hypodermic Tablets, it is advisable to order them in tubes or in bottles of 100. On orders for bulk lots of 1000 or more we will invariably send the Tablets in bottles of 500.

SPECIFY

Compressed or Moulded.

While we are prepared
to supply our Hypodermic
Tablets of either the

Compressed or Moulded
form, we will invariably
supply the Compressed form
when the Moulded are not
specified on orders.

John Wyeth & Brother,
INCORPORATED.

COMPRESSED OPHTHALMIC DISCS.

At the request and under the direction of Dr. Casey A. Wood, of Chicago, we have prepared a complete series of Ophthalmic Discs, for the convenient, temporary and efficient treatment of the various affections of the eye. We believe Dr. Wood's attention was primarily directed to our establishment by the perfection we have attained in the manufacture of our compressed Hypodermic Tablets, which led him to suggest our manufacturing a series of Compressed Discs, containing all the medicaments ordinarily used in ophthalmic practice.

These Discs are put up in bone boxes with screw top, each containing 50 Discs, and for the convenience of the trade are sold in cartons of 12 boxes each.

		Per box of 50 Discs.

DISPENSARY TABLETS.

In response to a considerable demand we now offer the following list of Dispensary Tablets, designed for accurate subdivision of dosage at the prescription counter, and weighed and prepared with that same care which characterizes all operations in our laboratories, thus affording pharmacists a convenience in dispensing and insuring accuracy in dose. As a cautionary measure we are offering these tablets, all of which contain poisonous doses of the various drugs, in a bottle especially devised for the purpose and of a design calculated to at once attract the attention of the physician and druggist to their unusual character.

COMPRESSED POWDERS (OR PILLS)

The preparation of drugs in such a form as to be at once efficient and readily administered is a matter of the utmost importance alike to physician and patient. In this respect, great advances have been made of late years; but we think we can confidently claim that our "Compressed Powders" are far superior to any of the other improved medicaments hitherto introduced.

These Compressed Powders or Pills, which are made by Dry Compression, disintegrate much more quickly than compressed Tablets or Pills manufactured from a moist powder or mass with the usual excipients; consequently the action of our Pills and Triturates must be much more prompt. In addition to the advantage of speedy disintegration and immediate effect, being Compressed from the Dry Powder, they will keep indefinitely, without becoming hard or insoluble, and being flat in shape are much more easily swallowed than those of any other form.

They are smooth, glossy, and elegant in appearance, and are made only of the purest materials.

Leading physicians have found these "Compressed Powders" to be reliable and quick in their action.

Bisulphate of Quinine being a more soluble salt than the ordinary Sulphate, we recommend its use in preference. When given in the form of a "Compressed Powder," it will act as promptly as a *solution* of Quinine.

Physicians who wish to prescribe our Powders should specify "Wyeth's Compressed."

SUGAR-COATED COMPRESSED PILLS.

We are prepared to furnish Sugar-Coated Compressed Pills, as indicated in following list, at same price as for the uncoated.

Please specify in ordering which kind is wanted.

Unless otherwise indicated, we will always send *uncoated* pills.

For Chocolate-Coated Pills or Tablets, see pages 138 to 151 inclusive.

When ordering Compressed Pills be careful to designate what number you may desire in each Bottle, whether 1—500 or 5—100, 10—100 or 1—1000, 5—1000 or 1—5000, etc.

CUSTOMERS ARE PARTICULARLY REQUESTED, in ordering, to specify whether Tablet Triturates or Pills are wanted, as WHEN TRITURATES ARE NOT INDICATED, WE INVARIABLY SEND PILLS. Compliance with this request will materially assist us in filling orders.

SEE NOTE
FOOT OF PAGE.

Unless otherwise specified, we will fill all orders for Compressed Tablets Tonic Chalybeate, Dr. Flint's formula, in *chocolate-coated* form, as by reason of the nature of the ingredients there is sometimes developed a slight discoloration of the white coating, which is objectionable to some, but of course does not in the least degree affect the therapeutic character of the Tablets. We can supply the Tablets *coated white*, if desired, but cannot guarantee that they will permanently remain so. We have them in stock *uncoated*, for those who may prefer to prescribe or dispense the plain compressed. Kindly specify when ordering.

* Plain or Sugar-Coated. For Chocolate-Coated Tablets see pages 138-151.

Unless otherwise specified, we will fill all orders for Compressed Tablets Tonic Chalybeate, Dr. Flint's formula, *in chocolate-coated form*, as by reason of the nature of the ingredients there is sometimes developed a slight discoloration of the white coating, which is objectionable to some, but of course does not in the least degree affect the therapeutic character of the Tablets. We can supply the Tablets *coated white*, if desired, but cannot guarantee that they will permanently remain so. We have them in stock *uncoated*, for those who may prefer to prescribe or dispense the plain compressed. Kindly specify when ordering.

SPECIAL PRICES WHEN ORDERED IN BULK. WRITE FOR QUOTATIONS.

COMPRESSED TABLET TRITURATES

Triturates, in order to be genuine preparations, must be made in accordance with certain well-defined principles, viz:

They must not only contain the precise quantity of medicament they are alleged to have, but must be accurate in dose.

They must be genuine mixtures, in that the medicinal agent is uniformly distributed through the whole mass; and further, they must be sufficiently firm to retain their form, yet friable enough to break up into a powder when moderate pressure is applied.

If the medicament contained in a Tablet Triturate is a soluble substance, its solubility should be preserved.

Having an extensive plant, made expressly for the preparation of Tablets, Compressed Pills, etc., we can claim with the utmost confidence that our Tablet Triturates conform to the most exacting standard of excellence, and are examples of the essential qualities described above. To effect a thorough admixture of the medicament with the vehicle or excipient, to insure that only the true dose is contained in the Tablets and that all are uniform in size and weight, can only be accomplished when the laboratory of the manufacturer is equipped with the most complete appliances and when the operating pharmacist himself gives the closest attention to every detail of the manipulation. In addition to these essentials of the mechanical process, the whole must be supervised and directed by the highest commercial integrity. The best quality of materials only, in proper proportions, should be used; yet it is obvious that in the making of such preparations there are great opportunities for an unscrupulous dealer to increase his gains by substituting inferior and cheaper drugs. The completeness of our laboratory equipment, and the reputation gained by our preparations, are guarantees that the claims put forth for our *Tablet Triturates* will be amply sustained and will bear the closest scrutiny.

When ordering Tablet Triturates be careful to designate what number you may desire in each Bottle, whether 1—500 or 5—100, 10—100 or 1—1000, 5—1000 or 1—5000, etc.

CUSTOMERS ARE PARTICULARLY REQUESTED, in ordering, to specify whether Tablet Triturates or Pills are wanted, as WHEN TRITURATES ARE NOT INDICATED WE INVARIABLY SEND PILLS. Compliance with this request will materially assist us in filling orders.

Prices of Triturates, Pills, Hypodermic Tablets, etc., containing Quinine, Morphine, Pilocarpine, Cocaine, Caffeine and drugs of this class, we cannot make binding, owing to the possible changes in the market prices.

When ordered in 1000's, our Triturates are supplied in very neat square amber bottles, with ground-glass stoppers.

The 500's are supplied in same style bottle, with cork stoppers.

NOTE.—Those with whom we have no regular correspondence will please make remittance when sending order; unless this request is complied with, we will be compelled to decline forwarding. This is made imperative, owing to the fact that many purchasers of small amounts pay little or no attention to the payment of such accounts. Our prices are very moderate, and the small margin of profit necessitates our insisting upon the above reasonable request.

JOHN WYETH & BROTHER,
INCORPORATED.

Wyeth's Liquid Malt Extract

Containing all the Nutrient properties of Malt, with the
least possible amount of Alcohol.

Fermented liquids prepared from malted grain have been in use from the earliest times, and have always been highly prized for their strengthening and nutritive properties. Hitherto, however, the large amount of alcohol in proportion to nutritious matter contained in the malt liquors of commerce, has been a serious objection to their use in many of the various forms of dyspeptic maladies, resulting from mal-nutrition, for which malt preparations are peculiarly adapted.

Recognizing this fact, we have, after numerous experiments, succeeded in preparing a liquid malt extract, possessing all the advantages of malt liquors, while it is not open to the objections so frequently and justly urged against their use.

It is especially adapted for administration to nursing mothers, to children, to patients suffering from nervous exhaustion, chilliness, etc., and, particularly, to those unable to digest starchy food.

We claim that our Liquid Malt Extract will be found to contain all the nutritive virtues of the best malt liquors in a higher degree than any of the largely sold liquid malts with which we have compared it, while it is free from the stimulating effect which invariably follows their administration.

DIASTAS—WYETH.

SEE PART A—PAGE 37.

DIASTASIC MALT—PLAIN.

A pure concentrated extract prepared *in vacuo* from Canada Barley; representing the diastasic and nutritious properties of the grain.

in pint bottles per dozen 8 00

in half-gal. bottles per gallon 3 25

DIASTASIC MALT WITH CASCARA.

This combination will be found almost a specific in constipation, strengthening and invigorating the bowels, soon restoring the normal action.

in pint bottles per dozen 9 00

in half-gal. bottles per gallon 4 00

DIASTASIC MALT WITH COD-LIVER OIL.

Each fluidounce represents forty per cent. of Cod-Liver Oil.

Unless otherwise specified we will supply this preparation containing the pure oil, but if wanted we will supply the preparation made from the extract instead of the oil.

in pint bottles per dozen 8 75

in half-gal. bottles per gallon 3 60

DIASTASIC MALT WITH COD-LIVER OIL AND HYPOPHOSPHITES.

Each fluidounce contains one and one-half grains Lime Hypophosphite, two and one-half grains Sodium Hypophosphite.

in pint bottles per dozen 9 00

in half-gal. bottles per gallon 4 00

196 In Ordering our Preparations through Dealers,

Miscellaneous Preparations.

DIASTASIC MALT WITH CREASOTE.

Each fluidounce contains four minims of Creasote.

This combination presents in an agreeable form the strongly antitubercular and antiseptic properties of Creasote by associating and disguising it with the Concentrated Malt.

in pint bottles	per dozen	\$8 00
in half-gal. bottles	per gallon	3 25

DIASTASIC MALT WITH HYPOPHOSPHITES.

A powerful reconstructive combination in which the Malt assists the assimilation of the Hypophosphites.

in pint bottles	per dozen	9 00
in half-gal. bottles	per gallon	4 00

DIASTASIC MALT WITH IRON.

Each fluidounce contains four grains Pyrophosphate of Iron.

in pint bottles	per dozen	9 00
in half-gal. bottles	per gallon	4 00

DIASTASIC MALT WITH PEPSIN AND PANCREATIN.

Each fluidounce represents fifteen grains Saccharated Pepsin and fifteen grains Saccharated Pancreatin.

in pint bottles	per dozen	9 00
in half-gal. bottles	per gallon	4 00

DIASTASIC MALT WITH PHOSPHATE IRON, QUININE AND STRYCHNINE.

Each fluidounce represents four grains Iron Phosph. (soluble), one grain Quinine Phosph. and 2-75 grain Strychnine Phosphate.

in pint bottles	per dozen	9 00
in half-gal. bottles	per gallon	4 00

DIASTASIC MALT WITH WINE OF COCA.

Each fluidounce represents thirty grains of Erythroxyton Coca. The restorative tonic properties of the Wine of Coca are here combined with the digestive properties of the Malt.

in pint bottles	per dozen	9 00
in half-gal. bottles	per gallon	4 00

Miscellaneous Preparations.**DIASTASIC MALT WITH WINE OF PEPSIN.**

Each fluidounce represents Wine of Pepsin sufficient to render digestible six ounces of Albumen. An excellent preparation to take immediately after meals for relieving the feeling of fulness or heavy oppression. It combines the digestive ferments which act upon both amylaceous and albuminous foods.

in pint bottles	per dozen	\$8 75
in half-gal. bottles	per gallon	3 60

DIASTASIC MALT WITH YERBA SANTA.

The tendency to nausea following the continued use of expectorants is overcome and corrected by the presence of Malt: hence the value of this combination will be appreciated.

in pint bottles	per dozen	9 00
in half-gal. bottles	per gallon	4 00

DIASTASIC MALT, DRY.

This Extract possesses remarkable diastasic properties, and is rich in soluble albuminoids. It is prepared by the process of "mashing," the starch of the grain being first converted into maltose and then evaporated *in vacuo* to a dry state, the finished product being a beautiful light-colored powder; for these reasons it is a valuable adjunct in the preparation of infant foods.

in 1-lb. bottles	per pound	1 00

Miscellaneous Preparations.

PEPSIN, ESSENCE OF

Combines in a pleasant and palatable form the therapeutic properties of Hog and Calf Pepsins.

One teaspoonful of this Essence will digest 3000 grains of coagulated albumen in eight ounces of acidulated water (one per cent. HCl) at 104° F., in four to six hours.

in pint bottles	per dozen	\$9 00
in 5-pint bottles	per bottle	3 35
in gallon bottles	per gallon	5 00

PEPSIN, GLYCEROLE OF

Glycerole of Pepsin will be found both economical, convenient and reliable in the manufacture of all liquid preparations of Pepsin.

Each fluidrachm contains six grains Pure Pepsin.

in pint bottles	per dozen	17 00
in 5-pint bottles	per bottle	4 80
in gallon bottles	per gallon	7 25

PEPSIN, LACTATED.

Lactated Pepsin is identical with Pulverized Pepsin Comp., N. F., and combines in scientifically proportioned ratio the principal ferments as found in the stomach, and a given dose in milk or water immediately after a meal will give marked assistance to the natural secretions of the stomach in digesting and assimilating the food.

John Wyeth & Brother,

INCORPORATED,

PHILADELPHIA, PA.

MEDICINAL FLUID EXTRACTS OF STANDARD STRENGTH,

MANUFACTURED BY
JOHN WYETH & BROTHER.

In presenting to the trade our recently revised List of Standard Fluid Extracts, we desire to outline a few prominent features respecting the detail involved in their manufacture, and endeavor to state briefly the methods which have insured to us such marked success.

Recognizing the responsibility attending the selection of all crude material, and fully appreciating the fact that the best results can be attained only by a conscientious observance of this important preliminary step, we have not only inaugurated a most rigid system of inspection by competent experts, but, in addition, adopted every possible precaution calculated to raise the therapeutic standard; more especially does this apply to the leading narcotics and other perishable drugs, whose active properties become greatly impaired by age and exposure, these drugs being carefully gathered, in compliance with our specific instructions, only at that season of the year when in the opinion of the best authorities they have reached their highest state of perfection; they are skilfully garbled, forwarded to us at once, and immediately converted into the various Fluid Extracts. As the therapeutic effect of most of these active drugs is, in a measure, ascribable to some definite active principle, susceptible of isolation, as an additional safeguard and as enabling us to attain that high standard which we always have in mind, we have further adopted a thorough system of preliminary assay.

Our process of manufacture involves the principles of prolonged maceration and repercolation, although we do not confine ourselves exclusively to the application of these principles, as in many cases, where the drug is tough, tenacious and

difficult to exhaust, we are obliged to concentrate in vacuo at a minimum temperature (110° F.), to insure a representative preparation. The seemingly unlimited varieties of drugs embraced within the scope of our *Materia Medica*, differing so vastly in their characteristics and composition and presenting so many conflicting conditions, require individual study and treatment.

Our laboratory is equipped with costly appliances, embracing the most advanced scientific and modern devices known to the manufacturer, and we have never hesitated to incur any expense which in our judgment would insure corresponding improvement in our products. In addition to the precautionary measures outlined, and as enabling us to attest the accuracy of our work, we have established in many cases a minimum standard based upon the average percentage of active matter present in a prime quality of commercial drug. Druggists and Physicians will at once appreciate the vast difference in drugs, which are so often inferior and less active from age or careless selection, the menstruum employed being frequently injudicious, and appliances used ill-suited to their manufacture, resulting in Fluid Extracts which do not represent fully the strength and value of the drug. We shall rigidly maintain the present high standard, guaranteeing to the trade absolute uniformity of our products.

It is not possible for us, nor are we willing, to compete with the prices of which we are advised from day to day. Fluid Extracts are offered to the drug trade often lower than the cost of the drugs and the menstruum employed in their manufacture, and we cannot but think it is a grave error on the part of the druggist to discriminate in favor of cheap Fluid Extracts, owing to the fact that it is not possible with the menstruum often used to extract the medicinal value of the drug. No druggist, wholesale or retail, should feel satisfied to accept the grave responsibility of selling Fluid Extracts unless he first satisfies himself that they fully represent the medicinal efficacy claimed for them, and which the physician has a right to expect.

We desire in conclusion to thank our friends for the confidence they have reposed in us in the past, and promise our best endeavors in the future to advance their interests by supplying Fluid Extracts uniform as to strength and of the highest standard in quality.

214 *In Ordering our Preparations through Dealers,*

We cannot undertake to accept for Credit or exchange, broken or opened packages, i. e., where stoppers (cap or cork) have been removed or seals broken, but will exchange any of our preparations, in original or unbroken packages, which may have undergone change from causes impairing their efficacy.

DOSE AND PRICE LIST OF FLUID EXTRACTS.

PUT UP IN ONE- AND FIVE-PINT BOTTLES.

A deduction of 10 cents per pint from list prices when ordered in five-pint bottles. No charge for bottles.
When ordered in eight- and four-ounce bottles, we charge 3 cents extra for each bottle.

It is best to commence with the minimum dose and repeat.

	DOSE.	Per pint
Aconite Leaves, Aconitum Napellus.	2 to 5 min.	\$1 10
Sedative, Diaphoretic, Diuretic, Narcotic.		
Aconite Root, (Assayed) U. S. P.		
Aconitum Napellus	$\frac{1}{2}$ to 1 min.	1 50
(This Fluid Extract contains not less than .75 per cent. of alkaloidal matter. It also responds promptly to the physiological test recommended by Dr. Squibb.)		
Sedative, Diaphoretic, Diuretic, Narcotic.		
Adonis Vernalis	1 to 5 min.	3 00
Cardiac stimulant.		
Agaric, Agaricus Albus	5 to 15 min.	3 00
Antisudoral.		
Agrimony, Agrimonia Eupatoria	20 to 40 min.	1 05
Stimulant, Astringent.		
Allspice, Pimenta Officinalis	10 to 20 min.	1 25
Aromatic, Carminative and Stomachic.		
Aloe (Socotrine), Aloe Perryi	10 to 30 min.	1 65
Cathartic, Emmenagogue. Represents 8 ounces to the pint.

FLUID EXTRACTS.

	Dosaz.	Per pint.
Aloes and Myrrh	30 to 60 min.	\$1 75
For making the Tincture of Aloes and Myrrh, U. S. P.		
Alterative Comp.	I to 4 fl. 3.	I 20
Each pint represents:		
Sarsaparilla Root	4 ozs.	
Queen's Root	4 ozs.	
Burdock Root	4 ozs.	
Poke Root	4 ozs.	
Prickly-Ash Bark	1 oz.	
Based upon the original formula recommended by Dr. G. Marion Sims, Dr. McDade and others.		
Alterative, Tonic.		
American Ash, Fraxinus Americana	15 to 30 min.	I 20
Uterine tonic.		
American Columbo, Fraxera Carolinensis	15 to 30 min.	I 20
Tonic, Non-Astringent.		
Angelica Root, Archangelica Officinalis	30 to 60 min.	I 50
Aromatic, Stimulant.		
Angustura Bark, Galipea Cusparia	15 to 40 min.	I 50
Tonic, Stimulant.		
Aniseed, Pimpinella Anisum	20 to 30 min.	I 50
Aromatic, Carminative.		
Arbor Vitæ, Thuja Occidentalis	½ to 1 fl. 3.	I 50
Aromatic, Tonic, Astringent.		
Areca Nut, Areca Catechu	I to 4 fl. 3.	2 25
Astringent, Tonic.		
Arnica Flowers, Arnica Montana	5 to 20 min.	I 20
Nerve stimulant, Diuretic, Emetic, Diaphoretic.		
Arnica Root, U.S.P., Arnica Montana	5 to 15 min.	I 50
Nerve stimulant, Diuretic, Emetic, Diaphoretic.		
Aromatic (Pulvis Aromaticus, U.S.P.)	30 to 50 min.	2 50
Stimulant, Carminative.		
Asafoetida, Ferula Foetida	10 to 20 min.	I 75
For making the Tincture of Asafoetida, U. S. P. Represents 8 ounces to the pint.		
Avens Root, Geum Rivale	30 to 60 min.	I 00
Tonic, Astringent.		
Bael, Egle Marmelos	I to 2 fl. 3.	2 25
Astringent.		
Balm, Melissa Officinalis	2 to 4 fl. 3.	I 60
Antiseptic, Diaphoretic, Styptic.		
Balm of Gilead Buds, Populus Candicans		I 50
Concentrated Tincture. Used largely as an ad- junct in cough remedies.		
Balmony, Chelone Glabra	½ to 2 fl. 3.	I 20
Anthelmintic, Cathartic, Tonic.		

SPECIAL PRICES WHEN ORDERED IN BULK. WRITE FOR QUOTATIONS.

FLUID EXTRACTS.

	Dose.	Per pint.
Barberry Bark, <i>Berberis Vulgaris</i>	1 to 2 fl. 3.	\$1 20
Astringent, Emetic, Tonic.		
Bayberry, <i>Myrica Cerifera</i>	¼ to 1 fl. 3.	1 00
Astringent, Purgative, Tonic.		
Bay-Rum Leaf, <i>Myrcia Acris</i>		3 00
For the extemporaneous preparation of Bay Rum.		
Bearsfoot, <i>Polymnia Uvedalia</i>	5 to 10 min.	1 75
Antispasmodic, Anthelmintic.		
Belladonna Leaves (Assayed), Atropa Belladonna	3 to 5 min.	1 50
(Contains not less than 0.4 per cent. of natural alkaloid—Atropine.)		
Alterative, Diuretic, Diaphoretic, Narcotic poison.		
Belladonna Root (Assayed), U. S. P. Atropa Belladonna	1 to 3 min.	1 50
(Contains not less than 0.5 per cent. of natural alkaloid—Atropine.)		
Alterative, Diuretic, Diaphoretic, Narcotic poison.		
Benzoin, <i>Styrax Benzoin</i>	10 to 20 min.	2 00
For making Tincture of Benzoin, U. S. P.		
Represents 8 ounces to the pint.		
Benzoin Comp.	5 to 15 min.	2 00
For making Tinct. Benzoin Comp., U. S. P.		
Each pint represents:		
Benzoin	6 ozs.	
Aloes, Purified	1 oz.	
Storax	4 ozs.	
Tolu Balsam	2 ozs.	
Stimulant, Expectorant, Aromatic.		
Berberis Aquifolium	20 to 40 min.	2 40
Alterative, Antisyphilitic.		
Beth Root, <i>Trillium Erectum</i>	1 to 3 fl. 3.	1 25
Antiseptic, Astringent, Tonic.		
Bitter Root, <i>Apocynum Androsaemifolium</i>	10 to 60 min.	1 50
Emetic, Diaphoretic, Tonic, Laxative, Diuretic.		
Bitter Sweet, U. S. P., <i>Solanum Dulcamara</i>	1 to 2 fl. 3.	1 20
Diaphoretic, Alterative, Diuretic, Narcotic.		
Black Alder, <i>Prinos Verticillatus</i>	30 to 60 min.	1 20
Tonic, Astringent, Alterative.		
Black Cohosh, U. S. P., <i>Cimicifuga Racemosa</i>	10 to 30 min.	1 20
Astringent, Sedative, Styptic, Tonic.		
Black Cohosh Comp.	½ to 1 fl. 3.	1 20
Each pint represents:		
Black Cohosh Root	6 ozs.	
Wild Cherry Bark	6 ozs.	
Blood Root	2 ozs.	
Liquorice Root	2 ozs.	
Antispasmodic, Sedative, Expectorant.		

SPECIAL PRICES WHEN ORDERED IN BULK. WRITE FOR QUOTATIONS.

FLUID EXTRACTS.

	Dose.	Per pint.
Blackberry (Aromatic)	1 to 2 fl. 3.	\$1 20
Each pint represents:		
Blackberry (Bark of Root)	13½ ozs	
Cloves	1½ ozs	
Cassia	1½ ozs.	
An efficient combination in cases of chronic Diarrhoea, Dysentery, etc.		
Blackberry Root, U.S.P., Rubus Villosus	1 to 2 fl. 3.	1 00
Astringent, Tonic.		
Black Haw, U.S.P., Viburnum Prunifolium	½ to 1 fl. 3.	1 75
Astringent, Alterative, Tonic, Uterine tonic, Diuretic.		
Black Walnut Bark, Juglans Nigra	1 to 2 fl. 3.	1 50
Laxative, Tonic.		
Black Willow Bark, Salix Nigra	20 to 60 min.	1 50
Tonic, Astringent.		
Black Willow Buds, Salix Nigra	½ to 1 fl. 3.	1 50
Tonic, Astringent.		
Blessed Thistle, Carbenia Benedicta	30 to 60 min.	1 20
Tonic, Diaphoretic, Emetic.		
Blood Root (Assayed), U. S. P., Sanguinaria Canadensis	10 to 15 min.	1 25
(Contains not less than 2½ per cent. of natural alkaloid—Sanguinarine.)		
Alterative, Emmenagogue, Emetic, Stimulant, Narcotic.		
Blue Cohosh, Caulophyllum Thalictrifolium	20 to 40 min.	1 00
Antispasmodic, Diuretic, Diaphoretic.		
Blue Cohosh Comp.	15 to 30 min.	1 20
Each fluidounce represents:		
Blue Cohosh Root	210 grs.	
Water Pepper	105 grs.	
Ergot	105 grs.	
Savine	60 grs.	
Sedative, Antispasmodic.		
Blue Flag, U. S. P., Iris Versicolor	½ to 1 fl. 3.	1 25
Alterative, Cathartic, Cholagogue, Tonic.		
Boldo Leaves, Peumus Boldo	10 to 15 min.	3 00
Tonic.		
Boneset, U.S.P., Eupatorium Perfoliatum	½ to 1 fl. 3.	1 00
Aperient, Tonic, Diuretic, Diaphoretic, Emetic.		
Broom-Corn Seed, Sorghum Saccharatum	½ to 1 fl. 3.	1 20
Diuretic, Sedative, Demulcent.		
Broom Tops, U.S.P., Cytisus Scoparius	½ to 1 fl. 3.	1 25
Cathartic, Diuretic, Emetic, Febrifuge.		
Bryony, Bryonia Alba and Bryonia Dioica	10 to 60 min.	1 50
Cathartic, Discutient.		
Buchu (Short), U. S. P., Barosma Betulina and Barosma Crenulata	½ to 2 fl. 3.	2 25
Aromatic, Tonic, Stimulant, Diuretic.		

SPECIAL PRICES WHEN ORDERED IN BULK. WRITE FOR QUOTATIONS.

	Dose.	Per pint.
Buchu (Long), <i>Barosma Serratifolia</i>	$\frac{1}{2}$ to 2 fl. 3.	\$2 20
Aromatic, Tonic, Stimulant, Diuretic.		
Buchu Comp.	1 to 2 fl. 3.	1 75
Each pint represents:		
Buchu Leaves	4 ozs.	
Juniper Berries	4 ozs.	
Cubeb Berries	4 ozs.	
Uva Ursi	4 ozs.	
Aromatic, Tonic, Stimulant, Diuretic.		
Buchu and Juniper Berries with Potassium		
Acetate	1 to 2 fl. 3.	1 90
Each pint represents:		
Buchu Leaves	12 ozs.	
Juniper Berries	3 ozs.	
Potass. Acetate	495 grs.	
Diuretic, Diaphoretic.		
Buchu and Pareira Brava (equal parts)	1 to 4 fl. 3.	1 75
Aperient, Tonic, Diuretic, Stimulant.		
Buchu and Pareira Brava Comp.	$\frac{1}{2}$ to 2 fl. 3.	1 75
Representing equal parts of Buchu, Pareira Brava		
and Stone Root.		
Aperient, Tonic, Diuretic, Stimulant.		
Buck-Bean, <i>Menyanthes Trifoliata</i>	15 to 30 min.	1 20
Tonic, Astringent, Purgative.		
Buckthorn Bark, U.S.P., <i>Rhamnus Frangula</i>	1 to 2 fl. 3.	1 00
Mild cathartic.		
Buckthorn Berries, <i>Rhamnus Catharticus</i>	$\frac{1}{4}$ to 1 fl. 3.	1 25
Purgative, Drastic cathartic.		
Bugle Weed, <i>Lycopus Virginicus</i>	1 to 4 fl. 3.	1 20
Astringent, Narcotic, Tonic.		
Burdock Root, U.S.P., <i>Arctium Lappa</i>	1 to 2 fl. 3.	1 00
Aperient, Alterative, Diuretic, Diaphoretic.		
Burdock Seed,		
<i>Lappa Officinalis</i> , or <i>Arctium Lappa</i>	10 to 30 min.	1 20
Tonic, Antiscorbutic.		
Butternut Bark, U.S.P., <i>Juglans Cinerea</i>	1 to 2 fl. 3.	1 00
Mild cathartic.		
Calabar Bean (Assayed),		
<i>Physostigma Venenosum</i>	1 to 3 min.	2 70
(Contains not less than 0.15 per cent. of natural		
alkaloids.)		
Powerful sedative.		
Calamus, U. S. P., <i>Acorus Calamus</i>	10 to 30 min.	1 50
Carminative, Aromatic.		
Calumba, U.S.P.—(Columbo),		
<i>Jateorrhiza Palmata</i>	$\frac{1}{2}$ to 1 fl. 3.	1 25
Non-astringent, Tonic.

Cathartic.		
Cascara Sagrada (Aromatic)	¼ to 1 fl. 3.	1 50
Tonic, Laxative, Cathartic.		
Cascara Sagrada Comp.	20 to 60 min.	2 00
Each fluidrachm represents:		
Cascara Sagrada Bark 40 grs.		
Senna, <i>purified</i> 25 grs.		
Aloin 1-12 gr.		
Purgative, Cathartic.		
Cascara Sagrada (Modified)	¼ to 1 fl. 3.	1 50
Laxative, Cathartic.		
Cascarilla Bark, Croton Eleuteria	1 to 2 fl. 3.	1 25
Aromatic, Tonic.		

SPECIAL PRICES WHEN ORDERED IN BULK. WRITE FOR QUOTATIONS.

FLUID EXTRACTS.

	DOSE.	Per pint.
Cassia, Cinnamomum Aromaticum	15 to 30 min.	\$1 80
Stimulant, Aromatic, Astringent.		
Castor Oil Beans, Ricinus Communis	5 to 10 min.	1 80
Cathartic.		
Castor Oil Leaves, Ricinus Communis	1 to 4 fl. ʒ.	1 80
Cathartic, Promoting secretion of milk.		
Catechu, Acacia Catechu	5 to 30 min.	1 20
Astringent. Represents 8 ounces to the pint.		
Catechu Comp.	5 to 30 min.	1 20
For preparing the Tinct. of Catechu Comp., U.S.P.		
Catnep, Nepeta Cataria	½ to 1 fl. ʒ.	1 00
Diaphoretic, Excitant, Stimulant, Tonic.		
Cayenne (see Capsicum).		
Cedron Seeds, Simaba Cedron	5 to 20 min.	5 00
Tonic, Antiperiodic.		
Celery Seed, Apium Graveolens	½ to 2 fl. ʒ.	1 80
Nervine stimulant.		
Celery Seed (Soluble), Apium Graveolens	½ to 2 fl. ʒ.	1 80
This preparation is designed to combine with simple syrup as an adjunct to the soda fountain. It is miscible with alcohol, water or wine, forming perfectly clear and bright solutions, and possesses, although in a milder form, the well-known stimulating properties of the drug.		
Cerasin (Synthetic Wild Cherry)	½ to 1 fl. ʒ.	1 00
A solution of the proximate principles of Wild Cherry Bark, free from Tannin.		
This preparation represents a convenient substitute for the official fluid extract, possessing the expectorant, tonic and sedative properties of the drug. It is especially designed to combine with ferruginous solutions, as its freedom from tannin prevents discoloration or change. It is perfectly soluble in aqueous solutions, which greatly enhances its value in cough mixtures and similar preparations. As its therapeutic action is identical with the official fluid extract, the dose is adjusted to correspond.		
Cevadilla Seed (Sabadilla Seeds), ...	5 to 20 min.	1 80
Schoenocaulon Officinale		
Drastic Emeto-Cathartic, Vermifuge.		
Ceylon Cinnamon, Cinnamomum Zeylanicum	10 to 20 min.	1 80
Aromatic, Astringent, Carminative.		
Chamomile (English or Roman), ...	½ to 1 fl. ʒ.	1 50
Anthemis Nobilis		
Tonic. In large doses, Emetic		
Chamomile (German) Matricaria Chamomilla	10 to 30 min.	1 50
Tonic, Diaphoretic.		
Cherry Bark (Wild), U. S. P. (see Wild Cherry Bark, U. S. P.).

Expectorant, Stimulant.		
Yerba Santa, Aromatic	½ to 1 fl. 3.	1 75
For making the Syrup and Elixir of Yerba Santa.		

For extemporaneous production of Infusions, Syrups, Decoctions, Tinctures and Wines, our Extracts represent perfectly the full strength, odor, taste and color of the drug used; and the preparations so obtained will not only be as effective but are entitled to even greater confidence,—as the extemporaneous preparations, especially of Decoctions and Infusions from the crude drugs, are often unreliable on account of careless manipulation.

The cost of many of the Drugs used in the manufacture of Fluid Extracts is subject often to great changes. When the difference is in our favor, our customers may depend upon receiving the advantage; when the cost is greater, we will advise them, if forced to increase the price.

SPECIAL PRICES WHEN ORDERED IN BULK. WRITE FOR QUOTATIONS.

WYETH'S STANDARD POWDERED EXTRACTS.

It affords us pleasure in announcing to the drug trade and profession, that having perfected in every detail our processes for the manufacture of Powdered Extracts, we are now prepared to supply to our many friends a complete line of these important products. We fully appreciate the grave responsibility which the manufacture of these goods entails, as well as the watchfulness, skill and devotion to detail, which are essential to insure uniform and accurate results. The scrupulous care so faithfully exercised in the selection of crude material for our Fluid Extracts is consistently maintained, the value of the drug accurately determined by a preliminary assay, and every practical precaution adopted which is calculated to elevate the standard and efficiency of this line of preparations. Our appliances for facilitating concentration are most complete, concentrating in vacuo at a temperature not exceeding 120° Fahr., thus avoiding the destructive oxidation of many of the sensitive alkaloids and perishable constituents which establish their therapeutic importance.

We invite the profession to critically examine these products, to institute crucial comparisons, and to note particularly how well preserved are the sensible and predominating characteristics of the respective drugs.

Having for many years manufactured a complete line of these goods for consumption in our Pill Department, we are fully acquainted with the peculiar conditions which they frequently present and are prepared to furnish to the trade a line of products possessing the greatest degree of permanency consistent with standard quality. We are firmly convinced that the satisfactory therapeutic results of our Compressed Goods are largely due to the superior excellence and activity of our narcotic and other extracts. We will gladly prepare in quantity any special Powdered Extracts that may be desired by our customers.

We cannot undertake to accept for Credit or exchange, broken or opened packages, i. e., where stoppers (cap or cork) have been removed or seals broken, but will exchange any of our preparations, in original or unbroken packages, which may have undergone change from causes impairing their efficacy.

WYETH'S STANDARD POWDERED EXTRACTS.

All drugs containing Alkaloids, Resins or definite active constituents are subjected to a preliminary assay, and the standard of the finished Extract adjusted to conform.

When Powdered Extracts are ordered in quarter-pounds a reduction of five cents per ounce will be made from list price.

When ordered in half-pounds a reduction of eight cents per ounce will be made from list price.

When ordered in pounds a reduction of ten cents per ounce will be made from list price.

We will be pleased to make specially low quotations for larger quantities in bulk.

	Per oz.
ACONITE LEAVES— <i>Aconitum Napellus</i>	\$ 40
1 grain represents 4 grains <i>Aconite Leaves</i> .	
ACONITE ROOT— <i>Aconitum Napellus</i>	45
1 grain represents 5 grains Assayed <i>Aconite Root</i> .	
ALOE (AQUEOUS), U.S.P.— <i>Aloe Perryi</i>	30
Prepared only from the choicest variety of <i>Socotrine Aloes</i> .	
ASPARAGUS— <i>Asparagus Officinalis</i>	75
1 grain represents 4 grains of drug.

Poplar Bark — <i>Populus Tremuloides</i>	50
1 grain represents 5 grains of drug.	
PRICKLY-ASH BARK — <i>Xanthoxylum Americanum</i>	40
1 grain represents 4 grains of the drug.	
PULSATILLA — <i>Anemone Pulsatilla</i>	50
1 grain represents 4 grains of Pulsatilla.	
QUASSIA — <i>Picræna Excelsa</i>	50
1 grain represents 20 grains Quassia Wood.	
QUEEN'S ROOT (see <i>Stillingia</i>)	
QUEBRACHO — <i>Aspidosperma Quebracho</i> (variety Blanco) .	50
1 grain represents 5 grains of drug.	
RHATANY — <i>Krameria Triandra</i>	35
1 grain represents 5 grains of Rhatany Root.	
RHUBARB COMP., PH.G.	40
Powd. Ext. Rhubarb	6 parts
Powd. Ext. Aloes	2 parts
Powd. Resin Jalap	1 part
Powd. White Castile Soap	4 parts
RHUBARB ROOT — <i>Rheum Officinale</i>	45
1 grain represents 3 grains of choice quality of Rhubarb Root.	
RUE — <i>Ruta Graveolens</i>	50
1 grain represents 4 grains of the drug.	
SARSAPARILLA — <i>Smilax Officinalis</i>	50
1 grain represents 5 grains of Sarsaparilla Root.	
SAW PALMETTO — <i>Serenoa Serrulata</i>	45
1 grain represents 3 grains of Saw Palmetto Berries	
SCULLCAP — <i>Scutellaria Lateriflora</i>	50
1 grain represents 3 grains of Scullcap.	
SEA-WRACK — <i>Fucus Vesiculosus</i>	75
1 grain represents 3 grains of Sea-Wrack.	
SENEGA —The Root of <i>Polygala Senega</i>	75
1 grain represents 3 grains of Crude Drug.	
SENNA LEAVES — <i>Cassia Acutifolia</i>	40
1 grain represents 3 grains of Alexandria Senna.

POWDERED EXTRACTS.		Per oz.
SERPENTARIA — <i>Aristolochia Serpentaria</i>		\$ 80
1 grain represents 10 grains of Virginia Snake Root.		
Skunk Cabbage Root — <i>Dracontium Foetidum</i>		50
1 grain represents 4 grains of drug.		
SQUAW VINE — <i>Mitchella Repens</i>		30
1 grain represents 4 grains of Squaw Vine.		
SQUILL — <i>Urginia Maritima</i>		40
1 grain represents 2 grains of drug.		
STILLINGIA — <i>Stillingia Sylvatica</i>		40
1 grain represents 5 grains of Queen's Root.		
STONE ROOT — <i>Collinsonia Canadensis</i>		50
1 grain represents 4 grains of the drug.		
STRAMONIUM LEAVES — <i>Datura Stramonium</i>		45
1 grain represents 4 grains of Assayed Stramonium Leaves.		
STRAMONIUM SEEDS — <i>Datura Stramonium</i>		50
1 grain represents 8 grains of Assayed Drug.		
Sumach Berries — <i>Rhus Glabra</i>		40
1 grain represents 4 grains of drug.		
Turkey Corn — <i>Dicentra Canadensis</i>		65
1 grain represents 4 grains of drug.		
UNICORN ROOT, FALSE — <i>Helonias Dioica</i>		60
1 grain represents 5 grains False Unicorn Root.		
UNICORN ROOT, TRUE — <i>Aletris Farinosa</i>		60
1 grain represents 5 grains True Unicorn Root.		
UVA URSI —The Leaves of <i>Arctostaphylos Uva Ursi</i>		40
1 grain represents 3 grains of drug.		
VALERIAN ROOT — <i>Valeriana Officinalis</i>		40
1 grain represents 5 grains of Valerian Root.		
WAHOO — <i>Euonymus Atropurpureus</i>		40
1 grain represents 4 grains of Wahoo Bark of Root.		
WARBURG TINCTURE , with or without Aloes		90
1 grain represents 24 minims Warburg Tincture.		
WHITE-OAK BARK — <i>Quercus Alba</i>		40
1 grain represents 4 grains of drug.		
WHITE POND LILY — <i>Castalia Odorata</i>		50
1 grain represents 5 grains of drug.		
WILD CHERRY BARK — <i>Cerasus Serotina</i>		30
1 grain represents 5 grains of drug.		
WILD INDIGO — <i>Baptisia Tinctoria</i>		75
1 grain represents 4 grains of the drug.		
WILD YAM — <i>Dioscorea Villosa</i>		35
1 grain represents 3 grains of drug.

WITCH HAZEL BARK —Hamamelis Virginiana	\$ 40
1 grain represents 5 grains of Witch Hazel Bark.	
WITCH HAZEL LEAVES —Hamamelis Virginiana	40
1 grain represents 4 grains of drug.	
YELLOW DOCK —Rumex Crispus	40
1 grain represents 4 grains of Drug.	
YELLOW JASMINE (see Gelsemium).	
YERBA SANTA —Eriodictyon Glutinosum, or Californicum	50
1 grain represents 3 grains Yerba Santa.	

SOLID EXTRACTS.

We invite attention to the following list of **SOLID EXTRACTS** which we are prepared to supply, and beg at the same time to direct attention to the fact that our appliances for the preparation of these Extracts are unsurpassed, of the most modern and improved construction, enabling us to produce this class of preparations of exceptional merit and efficacy. Where Extracts are prepared from drugs containing alkaloids, resins or other definite active constituents, the value of the drug is definitely determined by preliminary assay and every practical precaution adopted which is calculated to elevate the standard and efficacy of the finished product. We invite the most critical examination and comparison of our products, feeling confident that, with our process conducted in vacuo, avoiding destructive oxidation of the sensitive alkaloids and perishable constituents so essential to therapeutic value, these Extracts will be found superior to any similar products offered.

CONCENTRATIONS OR RESINOIDS.

The following list embraces the most important and those in general demand. They represent in a concentrated form the active constituents of the various drugs from which they are derived, and will be found in many cases more active than the Powdered Extracts, offering a convenient form of medication. They are prepared under the most careful and intelligent supervision of an expert, from a superior quality crude material, carefully selected and definitely assayed. Our appliances for their preparation are unsurpassed and of the most modern and improved construction, enabling us to produce this class of preparations of exceptional merit and efficacy.

When ordered in packages of one pound, eight ounces or four ounces, same deductions will be made from following list prices as noted for Powdered Extracts, page 244.

	Per oz.
